Dec 29, 2025, 01:16 PM			1	1	1			Hey Y'all! As a biker in Chesterfield county, starting in Powderham, the route to the Walmart parking lot bus stop is incredibly safe, thank you! That is, until you have to exit the shopping center with the food lion to old Buckingham. This two lane demon seems to always be populated by a starting amount of cars traveling at high speeds, making it a less than ideal place for biking. I would advocate for a mixed use path traveling along the south side of the road with crosswalks enabling easy access from the neighborhoods, where currently there seems to be some unused land. I do understand that might be a bad investment and there might be community or corporate resistance to using that land, or you may be using it for other purposes. That is why I would alternatively propose a speed limit reduction from 35 to 25, or creating new paths for pedestrians or cyclists walking their bikes through the suburban wood that would enable access without need for the road. Thank you for considering!	1									12424 Old Buckingham Road, Midlothian, Virginia 23113, United States
Dec 29, 2025, 12:56 PM			1	1				Hey y'all! I know It's really hard to put in sidewalks and crosswalks and it takes so much time and money. With that said I would still really appreciate y'all trying to put something in at this section between Ellesmere and this entrance to Tarrington, like sidewalk on both sides of the road and a crosswalk at where the light has been put in. I am asking for this because its lack creates a big lack of inter-connectivity between the Tarrington and Salisbury/ Powderham sides of Robious for those who don't have or would prefer not to use car transport. Besides environmentally conscious or active adults, this mainly affects kids such as myself. It is incredibly important developmentally for kids to be able to be independently mobile and be able to hang out with their friends in a community. You understand this, with the great job you've done creating a bike-friendly polo parkway path to the ACAC and Kroger shopping center community nodes. I ask for the same between these two, please.			1							3112 Ellesmere Drive, Midlothian, Virginia 23113, United States
Nov 20, 2025, 08:56 PM					1	1		The Richmond Metro Area needs to invest in regional rail to connect cities and suburbs. This is a good station location, on a rail line to Downtown Richmond and next to a lot of walkable development. Regional rail should operate on an all-day, two-way model like the Connecticut Line between New Haven and Springfield via Hartford, or like FrontRunner in and around Salt Lake City, Utah, connecting to urban rail transit at Main Street Station. Richmond needs transit that is fast, frequent and grade-separated, not a slow bus that gets stuck in traffic and takes forever to get downtown. Door-to-door trip time competitiveness with cars is important to shift mode share to public transit.								1		3513 South Street, South Chesterfield, Virginia 23803, United States
Nov 20, 2025, 08:56 PM					1	1		The Richmond Metro Area needs to invest in regional rail to connect cities and suburbs. This is a good station location, on a rail line to Downtown Richmond and next to a lot of walkable development. Regional rail should operate on an all-day, two-way model like the Connecticut Line between New Haven and Springfield via Hartford, or like FrontRunner in and around Salt Lake City, Utah, connecting to urban rail transit at Main Street Station. Richmond needs transit that is fast, frequent and grade-separated, not a slow bus that gets stuck in traffic and takes forever to get downtown. Door-to-door trip time competitiveness with cars is important to shift mode share to public transit.								1		1602 West Washington Street, Petersburg, Virginia 23803, United States
Nov 20, 2025, 08:55 PM					1	1		The Richmond Metro Area needs to invest in regional rail to connect cities and suburbs. This is a good station location, on a rail line to Downtown Richmond and next to a lot of walkable development. Regional rail should operate on an all-day, two-way model like the Connecticut Line between New Haven and Springfield via Hartford, or like FrontRunner in and around Salt Lake City, Utah, connecting to urban rail transit at Main Street Station. Richmond needs transit that is fast, frequent and grade-separated, not a slow bus that gets stuck in traffic and takes forever to get downtown. Door-to-door trip time competitiveness with cars is important to shift mode share to public transit. A station here south of Petersburg could serve as the southern terminus of a Petersburg-Richmond-Fredericksburg regional rail line, and also have north-south and east-west platforms for future high-speed rail service to Richmond/DC, Norfolk and Raleigh/Atlanta.								1		2445 Halifax Road, Petersburg, Virginia 23805, United States
Nov 20, 2025, 08:54 PM					1	1		The Richmond Metro Area needs to invest in regional rail to connect cities and suburbs. This is a good station location, on a rail line to Downtown Richmond and next to a lot of walkable development. Regional rail should operate on an all-day, two-way model like the Connecticut Line between New Haven and Springfield via Hartford, or like FrontRunner in and around Salt Lake City, Utah, connecting to urban rail transit at Main Street Station. Richmond needs transit that is fast, frequent and grade-separated, not a slow bus that gets stuck in traffic and takes forever to get downtown. Door-to-door trip time competitiveness with cars is important to shift mode share to public transit.								1		41 River Street, Petersburg, Virginia 23803, United States
Nov 20, 2025, 08:54 PM					1	1		The Richmond Metro Area needs to invest in regional rail to connect cities and suburbs. This is a good station location, on a rail line to Downtown Richmond and next to a lot of walkable development. Regional rail should operate on an all-day, two-way model like the Connecticut Line between New Haven and Springfield via Hartford, or like FrontRunner in and around Salt Lake City, Utah, connecting to urban rail transit at Main Street Station. Richmond needs transit that is fast, frequent and grade-separated, not a slow bus that gets stuck in traffic and takes forever to get downtown. Door-to-door trip time competitiveness with cars is important to shift mode share to public transit.								1		400 East Ellerslie Avenue, Colonial Heights, Virginia 23834, United States

Nov 20, 2025, 08:53 PM					1	1	The Richmond Metro Area needs to invest in regional rail to connect cities and suburbs. This is a good station location, on a rail line to Downtown Richmond and next to a lot of walkable development. Regional rail should operate on an all-day, two-way model like the Connecticut Line between New Haven and Springfield via Hartford, or like FrontRunner in and around Salt Lake City, Utah, connecting to urban rail transit at Main Street Station. Richmond needs transit that is fast, frequent and grade-separated, not a slow bus that gets stuck in traffic and takes forever to get downtown. Door-to-door trip time competitiveness with cars is important to shift mode share to public transit.								1	3712 Festival Park Plaza, Chester, Virginia 23831, United States
Nov 20, 2025, 08:45 PM					1	1	I-64 in the West End should not be widened. The money and right-of-way should be used for a regional rail line. This can provide local, all-day regional rail between Downtown Richmond and suburbs in Henrico & Goochland, plus a faster intercity line to Charlottesville and the Shenandoah Valley than the slow, curvy Buckingham Branch via Doswell. Our transportation dollars should not be used on never-ending highway widening that only induces more road demand. We should be encouraging mode shift to transit - it's better for the environment, health, stress, personal finance, future locational decisions.							1		182164, Henrico, Virginia 23294, United States
Nov 20, 2025, 08:41 PM					1	1	Short Pump needs fast, frequent, grade-separated rail transit, not a slow bus that gets stuck in traffic and takes forever to get downtown. Door-to-door trip time competitiveness with cars is important to shift mode share to public transit.	1								11250 West Broad Street, Glen Allen, Virginia 23060, United States
Oct 23, 2025, 02:48 PM			1	1			Crossing River Rd to access the UofR sidepath (next to the golf course) is convoluted, and I've seen people cut directly across River Rd. from the Starbucks to get back on this path. May make more sense to have a real crosswalk there along the path of least resistance.		1							6201 River Road, Henrico, Virginia 23229, United States
Oct 23, 2025, 02:45 PM	1						This traffic signal has been struggling operationally. The timing seems to be way off in the evenings. Southbound light gets only 2-3 cars through before turning yellow. People end up aggressively going through to prevent sitting through 2/3 more cycles. Timing only seems to be off around 5/6pm...						1			2008 Libbie Avenue, Richmond, Virginia 23226, United States
Oct 22, 2025, 09:40 AM	1		1	1	1		New bridge NEEDS comprehensive protected cyclist + pedestrian infrastructure, with easy access to Mayo Island via these methods. Traffic calming is an essential component. Current bridge is ugly, loud, unpleasant, and actively DANGEROUS for cyclists and pedestrians trying to cross between Downtown and Southside. Drivers go way too fast. James River Park system is a treasure, and the new bridge should facilitate easy and SAFE recreational access for residents and visitors alike.		1							Mayo Bridge, Richmond, Virginia 23219, United States
Oct 22, 2025, 09:32 AM			1	1			Makes sure a GRTC stop is included to access the new park! Brown's Island is a TREASURE! Amazing park on its own, made that much greater with its event space + easy pedestrian and cyclist connections to other great spaces like the Canal Walk, Potterfield Bridge + flood wall, Belle Isle, War Memorial, and more!		1							1 Downtown Expressway, Richmond, Virginia 23219, United States
Oct 22, 2025, 09:29 AM			1	1	1		Lots of potential for this area as a great public space, extremely close to other amenities like the Canal Walk, Brown's Island, Belle Isle, the Riverfront Amphitheatre, Civil War Museum, Virginia War Memorial, etc. Yet it feels so isolated far away from all those other amenities because it's really difficult to get around this area unless you're a driver who's just speeding by. As mentioned in other safety/accessibility comments: Need increased connectivity with other nodes to let this Plaza live up to its full potential; It's insane to have greenspace this large centrally located in Downtown constantly be empty.		1							1 Downtown Expressway, Richmond, Virginia 23219, United States
Oct 22, 2025, 09:24 AM	1		1	1			Entire Plaza has a lot of potential, but is usually empty outside of special events. Downtown is already often devoid of life, and the design of the roads and crossings in a several block radius are actively dangerous, confusing, and hostile to pedestrians. Makes it very difficult to get to and from this park, so it often seems to just be forgotten. Could love to see a road diet (Esp. for the 9th St Bridge) with increased protected bike like and pedestrian infrastructure. Likewise, Canal-9th St intersection is oddly configured and especially difficult for pedestrians to safely across. Huge potential in this area, but is currently squandered as car-centric infrastructure + dead corporate space means everyone forgets it even exists.			1						1 Downtown Expressway, Richmond, Virginia 23219, United States
Oct 22, 2025, 09:08 AM			1	1			Many weird "gaps" like this that can make it awkward for pedestrians and cyclists to Cross monument, where there aren't any crosswalks or pedestrian signals. Thankfully, the median make this a lot more navigable, but can still be difficult during heavier traffic.				1					510 North Allison Street, Richmond, Virginia 23220, United States
Oct 22, 2025, 09:04 AM			1	1			Very weird/scary/dangerous place to cross; Very confusing who has the go and when, can wait a very long time to cross. Would love to see a pedestrian island added here (Amongst other broader safety improvements to the intersection) so pedestrians have a place of refuge trying to navigate the area.					1				503 North Lombardy Street, Richmond, Virginia 23220, United States
Oct 22, 2025, 08:47 AM						1	Giant unused bit of prime real estate near Downtown, Shockoe, and a major transit node. Something useful should be done with this ugly bit of sprawl that contributes to the heat island effect, increases car-dependency, is an aesthetic blight, and contributes no meaningful property taxes for City services.					1				1703 East Marshall Street, Richmond, Virginia 23223, United States
Oct 22, 2025, 08:43 AM					1	1	Would LOVE to see a GRTC Express Shuttle or similar service offered to Amtrak riders. Main St Station is in a GREAT location, but there are very limited train options compared to Staples Mill. Would love to see an Amtrak-GRTC partnership to allow riders to access the expanded options of Staples Mill, while having the convenient location of Main St.		1							1520 East Main Street, Richmond, Virginia 23219, United States

							This can be a tricky spot to cross 21st St, especially with cars often parked on the corner reducing visibility. It can be very difficult for a pedestrian trying to cross to see if northbound traffic is coming from Main (Esp. if traffic is backed up from the light), and southbound traffic coming down the hill often speeds up through this intersection to catch the light at Main (Despite the flashing yellow light).										
Oct 22, 2025, 08:40 AM	1			1				1									18 North 21st Street, Richmond, Virginia 23223, United States
							These traffic circles between Jefferson & [Clay/22nd, 23rd, 24th] are AWFUL compared to what's been done at 25th. As another comment mentioned, they feel "half-baked", allowing drivers to speed thru this area and fail to yield to traffic already in the circle (Esp. eastbound on Jefferson thru the Clay St. circle). This hazard is especially emphasized for cyclists and pedestrians, because the crossings are immediately at the entrance/exits of the circles, so drivers are moving at speed and only looking for other cars. These are also wide stretches of road, especially between Jefferson Park moving towards 22nd St. This makes it VERY dangerous for pedestrians crossing, because it's a wide stretch of road with fast cars coming at MULTIPLE and UNPREDICTABLE directions (Which exit are they taking out of the circle? Who knows!).										
Oct 22, 2025, 08:37 AM	1		1	1			I like the intention here, but the execution is very poor compared to the 25th St. model.					1					2224 Jefferson Avenue, Richmond, Virginia 23223, United States
							I really love what's being done in this immediate area and hope it will be generalized to other areas of the City. Roundabouts move traffic far more efficiently and are less maintenance than traffic signals. Though one consideration is to make sure they're large enough to "deflect" traffic enough to ensure drivers have to slow down into them; Otherwise they will ignore it and barrel straight thru without slowing (As often observed with the other circles immediately west). The thing that really makes this spot work is the pedestrian crossings that are slightly setback from the circle proper, meaning that drivers only have a straightaway and will pay attention (Vs looking for oncoming traffic), so compliance with yielding is noticeably far higher here than in other areas of the City. Likewise, the pedestrian islands are DIVINE, as they make it easier to cross in safer bite-sized chunks.										
Oct 22, 2025, 08:30 AM	1		1	1			This specific template of 25th and Jefferson should be refined and implemented across the City.					1					2412 M Street, Richmond, Virginia 23223, United States
							This is an oddly scary place to cross, as effectively the entire sidewalk in this area is used as parking for a private establishment. This means trying to get between Main St in Shockoe, and Libby Hill in Church Hill (Both desirable urban destinations with residential, recreational, and commercial amenities): Pedestrians are forced to cross an active parking lot for a singular private establishment. From personal experience, especially as it gets dark: Drivers facing eastbound who are trying to turn left across Main to get into the parking lot do NOT look for pedestrians crossing thru this area. You will always very often see vehicles double parked in this area, extending so far out towards the road that pedestrians can effectively be forced to walk in the gutter of Main to navigate around them. These are all chronic issues endemic to this spot and emphasize the other ways this corridor is dangerous to non-car travel.										
Oct 22, 2025, 08:21 AM	1		1	1			WALKING ON THE SIDEWALK SHOULD NOT BE DEATH SENTENCE	1									2708 East Main Street, Richmond, Virginia 23223, United States
							As mentioned by another pinned comment, this crosswalk is very dangerous as drivers do not stop or slow down. This is extra absurd because the speedbump is so close, yet so far, so the point where drivers are forced to slow down is too late when drivers are eastbound down Dock, and too early when going west. This means drivers don't slow down until after the crosswalk when going east, and they will immediately speed up into the crosswalk. The solution is very simple: Convert this into a raised pedestrian crossing, which FORCES drivers to slow down at the point where pedestrians are crossing. This is also an accessibility issue, as it makes it easier for persons with limited mobility to get across without having to change level.										
Oct 22, 2025, 08:12 AM			1	1								1					2801 Dock Street, Richmond, Virginia 23223, United States
							This is a critical crossing to allow pedestrians and cyclists to access the Capital Trail, but drivers travel extremely fast through this area and frequently ignore the HAWK signal. More needs to be done to slow down drivers through this corridor, and more raised pedestrian crossings need to be built to increase accessibility and interconnectivity between Shockoe and Main, and the general Capital Trail. People who live in this area should have quick, comfortable, and safe access to one of the City's greatest recreational assets.										
Oct 22, 2025, 08:06 AM	1		1	1				1									2073 Dock Street, Richmond, Virginia 23223, United States

							Drivers are way too fast through this area and ignore HAWK signals.											
							Had a near-miss where a friend was almost hit by a speeding driver who blatantly ignored the HAWK signal that add been illuminated for 5+ seconds as they approached at speed. They did not slow down at all.											
							This location and this incident emphasizes that the laws of physics are more persuasive than poorly enforced traffic citations: We need more raised pedestrian crossings to physically slow down drivers.											
							This is also an accessibility to issue, to make it easier for persons using other mobility devices to cross without having to go down to street level and then back up to sidewalk level.											
Oct 22, 2025, 08:02 AM			1	1				1										1700 Dock Street, Richmond, Virginia 23223, United States
							I've had several near-misses here as a pedestrian traveling between the 200b block and 300 block across Broad.											
							Drivers frequently do not pay attention to pedestrians crossing, and so there have been several occasions where I've nearly been hit by drivers making a left from Oliver Hill Way to travel eastbound on Broad. All of these have been while crossing with the pedestrian sign on.											
							In several instances I have had to physically yell at the driver to avoid collisions. The left turn lane seems to be perfectly situated to place pedestrians in the blind-spot of the A-frame of a vehicle, even with the leading pedestrian signal.											
Oct 22, 2025, 07:58 AM				1				1										1627 East Broad Street, Richmond, Virginia 23219, United States
							Dangerous coridor as drivers love to turn left out of the McDonald's and Cedar Broad Apartments to travel south on 18th Street, against the one-way traffic.											
							I have had several near-misses as a driver turning left from Broad onto 18th as I unexpectedly encounter a wrong-way driver.											
							This is also hazardous as a pedestrian trying to cross in this area, as it adds another and unexpected conflict point.											
							Once, while waiting to cross from the 200 block to the 300 block across Broad, I witnessed a driver turn left out of McDonald's to travel southbound against traffic, and then make a ***left on red*** to travel eastbound on Broad.											
							It is incredibly self-satirizing and emphasizes how hazardous drivers are in the region to anyone using any means of transport.											
Oct 22, 2025, 07:54 AM	1		1	1				1										217 North 18th Street, Richmond, Virginia 23223, United States
Oct 21, 2025, 10:39 AM	1						Frequent accidents caused by construction, congestion and speed.	1										7401 Logistics Square Dr, Providence Forge, Virginia 23140, United States
							Need a stop sign at a 4 way intersection. Located close to a school and there's often vehicle traffic pedestrian conflicts											
Oct 02, 2025, 09:52 AM	1		1	1				1										1521 Claremont Avenue, Richmond, Virginia 23227, United States
							there should be a stop sign at this intersection. Few drivers stop for pedestrians in the crosswalk or try to cut a right turn when people are in it.											
Aug 24, 2025, 08:32 AM						1		1										1601 Roseneath Road, Richmond, Virginia 23230, United States
							Need an overpass over Route 288 to connect Otterdale Road with Old Otterdale Road. Right now, the Route 667 designation is discontinuous since Watkins Centre Parkway is not actually part of it.			1								
Aug 21, 2025, 01:13 PM	1	1	1	1	1													Otterdale Road, Midlothian, Virginia 23120, United States
							Fill in the gap between the orphaned segments of Walmsley Blvd between Commerce Road and Richmond Hwy. This would make access to I-95 much easier, especially for trucks.			1								
Jul 31, 2025, 04:23 PM	1	1	1	1	1													2001 Walmsley Boulevard, Richmond, Virginia 23234, United States
							U.S. Route 60 should continue on Williamsburg Ave rather than turn onto Stony Run Pkwy. Redesignate Stony Run Pkwy and Government Road as either Business US 60 or Truck US 60.			1								
Jul 31, 2025, 04:20 PM	1	1	1	1	1													Stony Run Road, Richmond, Virginia 23223, United States
							Reroute U.S. Route 60 onto Williamsburg Road and Williamsburg Ave rather than having it turn onto Government Road. Redesignate Government Road as either Business U.S. Route 60 or Truck U.S. Route 60.			1								
Jul 31, 2025, 04:19 PM	1	1	1	1	1													5100 Parker Street, Richmond, Virginia 23231, United States
							Extend Route 271 designation along Pouncey Tract Road from its current terminus in Rockville to Dogwood Trail Road, then along Hanover Road to Oilville Road, then finally along Oilville Road to Broad Street Road. As of right now the designation kind of just ends in the middle of nowhere.			1								
Jul 31, 2025, 04:04 PM	1	1																17333 Dogwood Trail Road, Rockville, Virginia 23146, United States
							Redesignate Old Buckingham Road (State Route 13) to Alternate U.S. Route 60 or some other number (State Route 1047). State route numbering guidelines typically discourage duplicating numbers for primary routes, and this number duplicates U.S. Route 13 elsewhere in Virginia.			1								
Jul 31, 2025, 03:55 PM	1	1	1	1	1													Old Buckingham Road, Powhatan, Virginia 23139, United States
							Eliminate State Route 300Y designation. It actually violates state route numbering guidelines as it isn't a "wye" route to anywhere.			1								
Jul 31, 2025, 03:54 PM	1																	2261 Tilman Road, Powhatan, Virginia 23139, United States
							Intersection of Salisbury Rd and Winterfield Rd should be converted to a full traffic signal.			1								
Jul 31, 2025, 03:51 PM	1																	West Salisbury Road, Midlothian, Virginia 23113, United States
							Winterfield Road needs to be realigned to eliminate the staggered intersection at Le Gordon Drive and Midlothian Turnpike. The current configuration has caused quite a few accidents.			1								
Jul 31, 2025, 03:50 PM	1	1	1	1	1													1101 Winterfield Road, Midlothian, Virginia 23113, United States
							The U.S. Route 250 designation ends at Broad and 23rd Streets according to the VDOT interactive map, and the city recently installed "begin" and "end" signs for Route 250 at this intersection. The problem is, this is kind of in the middle of nowhere - this is 5 blocks east of an intersection with another numbered route (U.S. Route 360 at 18th Street). Most U.S. Routes end at logical end points (interstates, other U.S. routes, state routes), so the Route 250 designation should either be truncated to 18th Street (which VDOT's 2003 route log shows), or it should be extended further down Broad - 250 could follow Broad to Government Road, then follow Government Road to Stony Run Parkway, which would allow it to end at U.S. Route 60.			1								
Jul 29, 2025, 09:04 AM	1	1	1	1	1													210 North 23rd Street, Richmond, Virginia 23223, United States
							U.S. Route 33 is currently routed such that it enters Richmond on Staples Mill Road, joins U.S. Route 250 on Broad Street, turns onto Hancock Street, then ends at Leigh Street. The last part of this routing is impossible to follow due to a GRTC Pulse station at Broad and Hancock. U.S. Route 33 should be truncated to end at Harrison Street, where Virginia State Route 33 begins, heading up Harrison before turning onto Leigh Street. Alternatively, U.S. Route 33 could be extended over State Route 33 since there would be a seamless Route 33 designation if the U.S. route became the state route at Broad and Harrison. This should be reflected in signage.			1								
Jul 29, 2025, 09:00 AM	1	1	1	1	1													534 North Harrison Street, Richmond, Virginia 23220, United States
							Redevelop the Azalea Mall site for mixed use (primarily residential) and possibly add a northern transfer center for bus service.			1								
Jul 23, 2025, 02:38 PM	1	1	1	1	1													1741 Dumbarton Road, Richmond, Virginia 23227, United States

Jul 23, 2025, 02:34 PM	1		1	1				Three Chopt Rd and Grove Ave intersection has some major sight distance issues in both directions on Three Chopt Rd.	1								5908 Three Chopt Road, Richmond, Virginia 23226, United States
Jul 23, 2025, 02:22 PM	1	1	1	1	1			Would it be possible to reconstruct the non-freeway portion of Chippenham Parkway with frontage roads for local street access to improve pedestrian/cyclist safety (this segment allows cyclists and pedestrians, but it is sandwiched between two freeway segments)? Remove all intersections except the two signalized ones and require using the frontage roads to access local streets.	1								8000 Chippenham Parkway, Richmond, Virginia 23235, United States
Jul 23, 2025, 02:20 PM	1	1	1	1	1			Interchange at Chippenham Pkwy and Forest Hill Ave is dangerous (major weaving issues from SB Rte 150 to WB Forest Hill) and inadequate for current traffic needs. Replace the semi-cloverleaf with a parclo or a SPUI.		1							Chippenham Parkway, Richmond, Virginia 23225, United States
Jul 23, 2025, 02:17 PM	1	1	1	1	1			Interchange probably needs to be replaced with an at-grade intersection, especially considering that the Midlothian Turnpike bridge over Rte 161 has weight limits and is structurally deficient.			1						4803 Midlothian Turnpike, Richmond, Virginia 23224, United States
Jul 23, 2025, 02:15 PM	1	1	1	1	1			The segment of Hull Street Rd between Hey Rd and Warwick Rd is extremely congested with very little infrastructure in place for pedestrians, and there are numerous rear-end collisions involving cars trying to make left turns. This entire segment needs to be rebuilt with a wider median, more turn lanes, and median closures at some intersections to discourage dangerous turns.	1								5670 Hull Street Road, Richmond, Virginia 23224, United States
Jul 23, 2025, 02:10 PM	1	1						Build a bridge connecting Doublecreek Court and Reycan Road to offer a "back way" into the development near the Chesterfield County Airport.			1						World War II Veterans Memorial Highway, Chesterfield, Virginia 23114, United States
Jul 21, 2025, 04:17 PM	1							Need connection from southbound Rte 288 to westbound Patterson Ave. This ramp was left unbuilt due to traffic not warranting it at the time, but it certainly does now.			1						World War II Veterans Memorial Highway, Henrico, Virginia 23114, United States
Jul 21, 2025, 04:13 PM	1	1			1	1		Rte 30 CSX crossing east of Kings Dominion should be raised above-grade to eliminate the at-grade crossing.						1			Doswell Road, Doswell, Virginia 23047, United States
Jul 21, 2025, 04:12 PM	1				1			I-95/Rte 30 interchange needs direct access from northbound I-95 to Kings Dominion, similarly to southbound I-95. Traffic to Kings Dominion's main parking lots can back up onto the offramp on busy days.			1						16116 Theme Park Way, Doswell, Virginia 23047, United States
Jul 21, 2025, 04:11 PM	1	1	1	1	1			So, Rte 30 connects Rte 1 to I-95, Kings Dominion, Meadow Event Park, and several industrial developments east of I-95. How in the world is this not a fully signalized intersection with turn lanes? It is almost impossible to turn left from southbound Rte 1 onto eastbound Rte 30. Rte 30 should also be widened to 4 lanes divided between Rte 1 and I-95.			1						16180 Short Cut Road, Doswell, Virginia 23047, United States
Jul 21, 2025, 04:03 PM	1	1			1			Archie Cannon Drive should be signed as an alternate route to downtown Ashland to avoid traffic getting stuck at the railroad tracks on Rte 54. This intersection should be built out accordingly with turn lanes and traffic signals.			1						630 North Washington Highway, Ashland, Virginia 23005, United States
Jul 21, 2025, 04:01 PM	1	1						Need a traffic signal at Lakeridge Pkwy (Rte 782) and Rte 1.						1			11443 Washington Highway, Ashland, Virginia 23005, United States
Jul 21, 2025, 04:01 PM	1	1				1		Widen Lewistown Road (Rte 802) to 4 lanes divided between Rte 1 and Lakeridge Pkwy due to heavy truck traffic.						1			10386 Lewistown Road, Ashland, Virginia 23005, United States
Jul 21, 2025, 03:59 PM	1	1			1	1		Rename J.E.B. Stuart Parkway as an extension of Woodman Road.						1			10091 Jeb Stuart Parkway, Glen Allen, Virginia 23059, United States
Jul 21, 2025, 03:56 PM					1	1		If Staples Mill Road Station is going to be the main rail hub for the Richmond area, it needs upgrades to its station house, a parking garage, and better GRTC bus access.			1						7503 Staples Mill Road, Henrico, Virginia 23228, United States
Jul 21, 2025, 03:51 PM							1	With the Coliseum no longer in use, the segment of Leigh Street between 4th Street and 8th Street should probably be reconstructed to be at-grade rather than below-grade.			1						600 East Leigh Street, Richmond, Virginia 23219, United States
Jul 18, 2025, 04:20 PM	1	1			1			Build out the stub ramp from I-295 northbound to John Rolfe Parkway, as originally planned. Extend John Rolfe Parkway northward from its current endpoint behind the shopping center as a 4-lane divided road to provide additional access to I-295. Reduce the speed limit on I-295 approaching the I-64 interchange accordingly for safety purposes.			1						I 295, Glen Allen, Virginia 23059, United States
Jul 18, 2025, 04:16 PM	1		1	1				Need traffic and pedestrian signals at the Parham Doctors' Hospital entrance.						1			7701 East Parham Road, Henrico, Virginia 23294, United States
Jul 18, 2025, 04:15 PM	1							Need modernized traffic and pedestrian signals at the Broad St/Wistar Rd intersection.						1			4730 Wistar Road, Henrico, Virginia 23228, United States
Jul 18, 2025, 04:13 PM							1	Extend the Route 356 designation to Broad St (Rte 250) or Patterson Ave (Rte 6).						1			4026 Glenside Drive, Henrico, Virginia 23228, United States
Jul 18, 2025, 04:12 PM	1							Remove the ugly Rte 1 overhead sign at this intersection and replace it with ground-level signage.							1		1208 Azalea Avenue, Richmond, Virginia 23227, United States
Jul 18, 2025, 04:11 PM	1		1	1				Traffic and pedestrian signals are needed at the entrance to Bryan Park.							1		4801 Hermitage Road, Richmond, Virginia 23227, United States
Jul 18, 2025, 04:09 PM							1	Since the Laburnum Ave/Hermitage Rd intersection was built around the A.P. Hill monument, it has had its share of issues after the monument's removal. This intersection probably needs to be completely rebuilt from the ground up as the current solution of pylons denoting the actual intersection is not adequate.	1								1700 West Laburnum Avenue, Richmond, Virginia 23227, United States
Jul 18, 2025, 04:05 PM							1	Signage for State Route 399 on the Science Museum loop road.						1			2320 West Broad Street, Richmond, Virginia 23269, United States
Jul 18, 2025, 04:01 PM	1	1						The loop ramp from southbound Rte 288 to northbound I-95 is very tight and there are frequent accidents involving overturned top-heavy vehicles. This ramp should be removed and replaced with a flyover or some other sort of ramp that doesn't involve a sharp turn.	1								Richmond-Petersburg Turnpike, Chester, Virginia 23237, United States
Jul 18, 2025, 03:59 PM							1	Consider converting this interchange to a SPUI to increase capacity and remove delays during peak hours.		1							Richmond-Petersburg Turnpike, North Chesterfield, Virginia 23237, United States
Jul 18, 2025, 03:55 PM	1					1		Rockaway Road should be realigned because this train crossing is extremely dangerous. Perhaps remove the portion of Rockaway Road between Bon Air Station Road and Rockcrest Road and reroute Rockaway Road onto Bon Air Station Road to remove the blind curve over the rail crossing.	1								8805 Rockaway Road, North Chesterfield, Virginia 23235, United States
Jul 18, 2025, 01:20 PM							1	U.S. Route 250 signage basically disappears between Belvidere Street and I-95. This U.S. route should be posted at major intersections.						1			720 East Broad Street, Richmond, Virginia 23219, United States
Jul 18, 2025, 01:17 PM							1	Post State Route 339.						1			7615 Midlothian Turnpike, North Chesterfield, Virginia 23235, United States
Jul 18, 2025, 01:17 PM							1	Post State Route 324. Chatsworth Avenue is a state route and it should be posted as one, even though it serves a correctional institution.						1			1333 Old Bon Air Road, North Chesterfield, Virginia 23235, United States
Jul 18, 2025, 01:15 PM	1							Need a traffic signal at Patterson Ave and River Rd.	1								12901 Patterson Avenue, Henrico, Virginia 23226, United States
Jul 18, 2025, 01:13 PM							1	Connect Tuckahoe Creek Parkway to Ridgefield Parkway. Tuckahoe Creek Parkway east of Rte 288 currently serves no purpose.			1						12501 Tuckahoe Creek Parkway, Henrico, Virginia 23238, United States
Jul 18, 2025, 01:11 PM							1	Extend Nuckols Road eastward to Francistown Road by connecting the existing segments. Make it two lanes with bike lanes.			1						4781 Springfield Road, Glen Allen, Virginia 23060, United States
Jul 18, 2025, 01:11 PM							1	State Route 157 should be rerouted along Gaskins Rd and Hungary Rd between Quicocasin Rd and Staples Mill Rd (Rte 33). 157 is poorly signed on Springfield and Pemberton Roads and has no connection to I-64, and it is not a useful through route because of the curves and wide loop north of Nuckols Road.						1			4416 Springfield Road, Glen Allen, Virginia 23060, United States
Jul 18, 2025, 01:09 PM			1	1				Wide shoulders and sidewalks are needed in the "downtown" part of Glen Allen along Mountain Rd.	1								10701 Warren Road, Glen Allen, Virginia 23060, United States
Jul 18, 2025, 01:08 PM							1	U.S. Route 54 signs need to be corrected to State Route 54 signs. This isn't Texas.						1			705 Thompson Street, Ashland, Virginia 23005, United States
Jul 18, 2025, 01:05 PM	1							Widen Richmond-Henrico Turnpike to 4 lanes divided between Azalea Ave and Laburnum Ave, especially given this is a designated route to I-295 from Richmond Raceway.			1						5110 Richmond Henrico Turnpike, Richmond, Virginia 23227, United States
Jul 18, 2025, 01:03 PM							1	Extend Rte 197 designation along the rest of Laburnum Ave to Rte 895.							1		West Laburnum Avenue, Richmond, Virginia 23227, United States

Jul 18, 2025, 01:02 PM								1	Extend Rte 281 designation along Airport Drive to Rte 60/Rte 156								1			South Airport Drive, Sandston, Virginia 23075, United States
Jul 18, 2025, 01:01 PM								1	Remove the exit number at the Airport Dr (Rte 281) interchange. No other exits on Rte 895 or Chippenham Pkwy are numbered...or better yet, number the rest of the exits!								1			Pocahontas Parkway, Henrico, Virginia 23231, United States
Jul 18, 2025, 01:00 PM	1								Convert the I-295/Meadowville Technology Pkwy interchange to a cloverleaf.								1			Korean War Veterans Memorial Highway, Chester, Virginia 23836, United States
Jul 18, 2025, 12:59 PM								1	Route signage in Hopewell is nightmarish, with numerous state routes mislabeled as U.S. routes and some very odd shield designs. All of the signage needs to be redesigned and updated in accordance with the state MUTCD.								1			3904 Oaklawn Boulevard, Hopewell, Virginia 23860, United States
Jul 18, 2025, 12:57 PM								1	Decommission Route 109 to a secondary road because it doesn't really serve any purpose other than as a back entrance into Fort Lee.								1			1600 Hickory Hill Road, Petersburg, Virginia 23803, United States
Jul 18, 2025, 12:57 PM								1	Add signage for State Route 327 at the VSU entrance.			1								21514 Chesterfield Avenue, Petersburg, Virginia 23803, United States
Jul 18, 2025, 12:56 PM	1								Widen Woods Edge Rd to 4 lanes divided between Rte 1/Rte 301 and the entrance to the Honeywell plant to improve access to I-95.			1								15900 Woods Edge Road, South Chesterfield, Virginia 23834, United States
Jul 18, 2025, 12:54 PM								1	Need signalized intersection at the entrance to the Brightpoint CC Chester Campus (Rte 366) as the left turn from southbound Rte 1/Rte 301 is very treacherous.	1										13100 Virginia Highway 1, Chester, Virginia 23831, United States
Jul 18, 2025, 12:51 PM	1								Offramp from northbound Rte 288 to Courthouse Rd needs to be extended and/or widened as traffic often backs up on it during peak hours		1									6301 Newbys Bridge Road, Chesterfield, Virginia 23832, United States
Jul 18, 2025, 12:47 PM								1	Extend the Rte 720 designation west from the Charter Colony Pkwy/Lucks Ln/Center Pointe Pkwy intersection to where Rte 6040 currently ends near Tomahawk Creek Middle School			1								13779 Center Pointe Parkway, Midlothian, Virginia 23114, United States
Jul 18, 2025, 12:46 PM								1	Charter Colony Parkway between Woolridge Road (Rte 668) and Brandermill Pkwy should be widened to 4 lanes with bike lanes			1								Charter Colony Parkway, Midlothian, Virginia 23114, United States
Jul 18, 2025, 12:44 PM	1								Reduce speed limit on Midlothian Turnpike between LeGordon Drive and Route 288 to 45 mph.	1										14330 Midlothian Turnpike, Midlothian, Virginia 23113, United States
Jul 18, 2025, 12:43 PM								1	Courthouse Road needs to be added to State Route 147 at least to Hull Street Road as it is part of the National Highway System and is an extremely important connector. Perhaps even extend that designation down to Route 288 or Route 10. VDOT considered upgrading it to primary status in 2003 but nothing came of it.								1			911 North Courthouse Road, North Chesterfield, Virginia 23236, United States
Jul 18, 2025, 12:41 PM	1		1		1				Need traffic and pedestrian signal at Reams Road and Mistywood Road to increase safety near Reams Road Elementary School.								1			10124 Reams Road, North Chesterfield, Virginia 23236, United States
Jul 18, 2025, 12:40 PM								1	Need drainage improvements due to frequent flooding. The segment of Arch Road between Redbridge Road and Reams Road should also be reconstructed as it is very substandard with no shoulders.								1			100 South Arch Road, North Chesterfield, Virginia 23236, United States
Jul 18, 2025, 12:39 PM								1	Drainage improvements are needed as this section of Pinetta Drive floods on a regular basis.								1			867 North Pinetta Drive, North Chesterfield, Virginia 23235, United States
Jul 18, 2025, 12:38 PM			1		1				With residential areas being built along Gateway Centre Parkway, perhaps consider a road diet to make the road safer for pedestrians and cyclists. The road already has a 25 mph speed limit and sees little traffic, there is no need for a 4-lane facility here.								1			500 Gateway Centre Parkway, North Chesterfield, Virginia 23235, United States
Jul 18, 2025, 12:37 PM	1		1		1		1		The bus stop in front of the Buford Shopping Center is unsafe, and causes traffic backups when buses stop here. The bus stop should be relocated within the shopping center parking lot, with a shelter and seating added to reduce congestion on Midlothian Turnpike and help keep riders safe.		1									7800 Midlothian Turnpike, North Chesterfield, Virginia 23235, United States
Jul 18, 2025, 12:33 PM	1		1				1		The missing movements at the Forest Hill Avenue/Powhite Parkway interchange should be added - at least provide access from northbound Powhite Parkway to eastbound Forest Hill Avenue to provide one last way to access South Richmond on Powhite before crossing the bridge.			1								6050 Forest Hill Avenue, Richmond, Virginia 23225, United States
Jul 18, 2025, 12:31 PM	1		1				1		The ramp from Douglasdale Road to southbound Powhite Parkway was closed a long time ago. This is a rather important connection, and the ramp should be rebuilt and reopened.								1			3575 Douglasdale Road, Richmond, Virginia 23221, United States
Jul 18, 2025, 12:29 PM	1		1				1		The Powhite Parkway-Downtown Expressway connector road is State Route 146, but this designation is not very well posted except at where it begins in each direction.								1			Virginia Highway 146, Richmond, Virginia 23221, United States
Jul 15, 2025, 04:12 PM	1			1		1			The access road to Powhatan State Park is State Route 410. This route needs to be signed, as well as extended along Route 617 to US 522.								1			800 Powhatan State Park Road, Powhatan, Virginia 23139, United States
Jul 15, 2025, 04:10 PM								1	Safety Town has seen better days. :)								1			Safety Boulevard, Chesterfield, Virginia 23832, United States
Jul 15, 2025, 04:09 PM						1			GRTC bus service to the Chesterfield County government complex would be extremely helpful									1		6900 Mimms Drive, Chesterfield, Virginia 23832, United States
Jul 15, 2025, 04:01 PM	1								Route 288 needs to be widened to 6 lanes between I-95 and probably the beginning of the collector-distributor lanes that access Powhite Parkway and Lucks Lane.		1									5737 Herold Green Drive, Chesterfield, Virginia 23832, United States
Jul 15, 2025, 03:58 PM	1								Definitely agree that an interchange is needed at Genito Road, especially with The Lake and the River City Sportsplex being major draws in this part of the county. Possibly extend the collector-distributor lane setup used for the Lucks Lane and Powhite Parkway interchanges.								1			World War II Veterans Memorial Highway, Midlothian, Virginia 23114, United States
Jul 15, 2025, 03:53 PM	1								Traffic signal is needed at Robious Road and Salisbury Road.								1			2846 Salisbury Road, Midlothian, Virginia 23113, United States
Jul 15, 2025, 03:52 PM	1								This is very minor, but there is a broken and twisted school zone speed limit sign on westbound Huguenot Road near St. Edward-Epiphany Catholic School. The school can't afford to have the signs fixed because they cost about \$10,000. There should be some way to get the signs replaced without the school having to foot the bill because this is a major safety issue.	1										10641 West Huguenot Road, Midlothian, Virginia 23235, United States
Jul 15, 2025, 03:50 PM								1	It's time for Stony Point to be connected to the rest of the city road system. Stony Point's biggest issue is that it has no connections to any roads other than Chippenham Parkway, which makes emergency response difficult and also restricts traffic in and out of the development. Stony Point Road should be extended from where it currently ends north of Huguenot Road to connect to Stony Point Parkway to allow for an alternate entrance to the development.			1								9201 Creeks Crossing Boulevard, Richmond, Virginia 23235, United States
Jul 15, 2025, 03:48 PM	1								The Route 150 designation ends abruptly at the intersection with River Road, an unnumbered route. The Route 150 designation should be extended northward on Parham Road to either Patterson Avenue (Rte 6) or Broad Street (Rte 250). Perhaps VDOT and Henrico County can enter into an agreement where the route gets a primary route number but is county-maintained.			1								Chippenham Parkway, Henrico, Virginia 23229, United States
Jul 15, 2025, 03:46 PM	1								The part of Parham Road between Route 1 and I-95 is designated Route 73. This designation should be expanded between Staples Mill Road and Chamberlayne Road as it makes no sense for the designation to end there, but at the same time the road is important enough that it should be primary. Perhaps VDOT and Henrico County can enter into an agreement where the route gets a primary route number but is county-maintained.			1								Interstate 95, Richmond, Virginia 23005, United States
Jul 15, 2025, 03:44 PM	1								The ramps within the Belmont Road interchange need to be repaved.								1			5331 Belmont Road, Richmond, Virginia 23234, United States
Jul 15, 2025, 03:43 PM	1								The Chippenham Parkway/Iron Bridge Road intersection is an accident waiting to happen because there is little room for merging between the loop ramps. This interchange probably needs to be expanded or rebuilt to eliminate this issue.	1										Chippenham Parkway, North Chesterfield, Virginia 23225, United States

Jul 15, 2025, 03:42 PM	1								If you want traffic to use Route 895, you should really consider lowering the tolls. I mean, lower them A LOT. Considering how much time 895 saves in connecting from southside Richmond to I-295 and the airport, there is absolutely no reason why the tolls should be pushing \$6. Lower the toll to \$1 and I bet GlobalVia will be raking in the dough because way more people will use 895.	1								501 Pocahontas Parkway, Henrico, Virginia 23231, United States
Jul 15, 2025, 03:39 PM	1	1			1				It's time to build the missing connection from I-95 south to Route 895 east. There are stub ramps in place but no connection was ever built. This will help relieve congestion at the Route 1/Chippenham Parkway interchange, as that is the designated route for traffic headed from I-95 south to Route 895 east.	1								Pocahontas Parkway, North Chesterfield, Virginia 23231, United States
Jul 15, 2025, 03:38 PM	1	1				1			This interchange is woefully inadequate given the fact that it is also used by traffic trying to access Route 895 from I-95 south (because that connection is missing). It is also possible to be forced onto Route 895 because of traffic backups that make it impossible to get to the I-95 ramps. This interchange needs to be rebuilt to remove issues with weaving.	1								6000 Virginia Highway 1, North Chesterfield, Virginia 23234, United States
Jul 15, 2025, 03:36 PM	1	1				1			The right-in/right-out interchange at Strathmore Road and Chippenham Parkway should be replaced with a parclo or diamond interchange. This interchange is heavily used by truck traffic that accesses DSCR via G Road, and during peak hours traffic can back up onto Chippenham in both directions. This interchange also exacerbates issues with the Route 1 interchange.						1			Chippenham Parkway, North Chesterfield, Virginia 23225, United States
Jul 15, 2025, 03:34 PM	1	1			1				The right-in/right-out interchange at Chippenham Parkway and Dalebrook Drive should be removed. It would also be ideal to grade-separate Dalebrook Drive so it crosses a bridge over Chippenham but I don't know if that's possible with the right-of-way available.						1			Chippenham Parkway, North Chesterfield, Virginia 23225, United States
Jul 15, 2025, 03:24 PM	1	1			1				Traffic regularly backs up on the ramp from northbound Chippenham Parkway to Jahnke Road (Rte 686), especially during peak hours. Either extend the offramp or install a traffic signal at the end of it.	1								Chippenham Parkway, Richmond, Virginia 23225, United States
Jul 15, 2025, 03:23 PM							1		The Midlothian Turnpike/Chippenham Parkway interchange needs to be rebuilt. It is WOEFULLY inadequate for modern traffic levels and is unsafe for practically every mode of transportation imaginable. The loop ramps have major weaving issues and there are numerous crashes involving cars merging off those ramps. Given the large Stonebridge and Springline at District 60 developments, this is only going to get worse, and this intersection needs to be completely rebuilt. The cloverleaf interchange may need to be replaced with a SPU or some other high-capacity interchange. Alternatively, right-of-way exists to connect Boulders Parkway and Carnation Street, and an additional interchange could be built there to relieve the existing one.						1			7102 Midlothian Turnpike, North Chesterfield, Virginia 23225, United States
Jul 15, 2025, 03:18 PM							1		Drainage improvements are needed on Alverser Drive near Midlothian Turnpike as it tends to flood fairly easily.						1			1113 Alverser Drive, Midlothian, Virginia 23113, United States
Jul 15, 2025, 03:17 PM							1		Robious Road consists of two differently numbered state secondary routes, which intersected Huguenot Road at different points before the modern-day intersection was built. It's Route 711 west of the intersection and Route 675 to the east of it. This corridor deserves to have a single number, especially since it provides a vital alternative route to northbound Route 288 from Midlothian Turnpike. Either make the whole thing Route 711, or upgrade the Robious Road/Huguenot Trail corridor to a state primary route and give it one number (it was once Route 44).									11571 Robious Road, North Chesterfield, Virginia 23235, United States
Jul 15, 2025, 03:15 PM	1	1	1	1	1	1	1	1	The Huguenot Rd/Robious Rd intersection needs to be rebuilt because it is extremely dangerous with the railroad tracks going right through it, and it tends to back up during peak hours.	1								West Huguenot Road, Midlothian, Virginia 23235, United States
Jul 15, 2025, 03:13 PM	1	1			1				Is the ramp from I-64 to 7th Street necessary? If it is, it needs to be reconfigured to meet 7th Street in a way that allows left turns. This would provide easier access to the MCV parking lot and the downtown area from northbound I-95.						1			1220 North 7th Street, Richmond, Virginia 23219, United States
Jul 15, 2025, 03:11 PM	1				1				The merge lane from the I-95 offramp should be extended down Oliver Hill Way with a concrete separator in order to prevent traffic from illegally (and unsafely) turning left onto Clay Street from the ramp.	1								501 Oliver Hill Way, Richmond, Virginia 23219, United States
Jul 15, 2025, 03:09 PM	1		1		1	1			The intersections of 17th and 18th Streets and Broad Street back up at all hours of the day and are a nightmare during peak hours.						1			1710 East Broad Street, Richmond, Virginia 23223, United States
Jul 15, 2025, 03:08 PM	1		1		1				Bank Street (part of State Route 318) needs to be reopened to both vehicle and pedestrian traffic. Bicycles have to take a difficult uphill detour up Governor Street or down 12th Street to uphill Main Street in order to bypass the closure.						1			900 Bank Street, Richmond, Virginia 23219, United States
Jul 15, 2025, 03:06 PM	1				1				Overhead signage on the eastbound/southbound Manchester Bridge is extremely old and should be replaced.						1			Manchester Bridge, Richmond, Virginia 23224, United States
Jul 15, 2025, 02:57 PM	1	1			1				Eastbound Route 195 needs open-road tolling lanes because the toll plaza tends to back up during morning rush hours.						1			1600 Downtown Expressway, Richmond, Virginia 23220, United States
Jul 15, 2025, 02:55 PM	1	1			1				The Bryan Park Interchange was not designed to handle the traffic loads it sees today. The major culprits are the I-195 north connection to I-95 north and the I-64 east connection to I-95 north. I-195 will often back up for several miles during peak hours. At minimum, the ramps used to make these connections should be widened to two lanes each for their entire lengths.						1			I 64, Richmond, Virginia 23233, United States
Jul 15, 2025, 02:50 PM	1				1				The Arthur Ashe Blvd interchange on I-95/I-64 should be redesigned to allow direct access to and from Arthur Ashe Blvd, rather than requiring northbound I-95 traffic to use Hermitage Rd and Robin Hood Rd to make the connection. The easiest solution would be to demolish the motel between Hermitage and Arthur Ashe and reconstruct the interchange. The slip ramp from Robin Hood Rd to southbound I-95 could then be removed.						1			3207 Hermitage Road, Richmond, Virginia 23227, United States
Jul 15, 2025, 02:46 PM	1		1		1	1			With the Stuart Monument gone, this intersection needs to be redesigned to remove the island where the monument was and expand the sidewalks in the corners to make this a more typical intersection and improve both driver and pedestrian safety.	1								499 North Lombardy Street, Richmond, Virginia 23220, United States
Jul 15, 2025, 02:28 PM	1	1		1	1	1			U.S. Route 33's official routing follows Broad Street eastbound onto Hancock Street. The problem is, the GRTC Pulse station on Broad Street makes this movement impossible. U.S. Route 33 should be rerouted by truncating it - the best place is probably the Broad Street/Staples Mill Road intersection where 33 joins 250 in the first place. Alternatively, it could be relocated to end at Harrison Street (where State Route 33 begins). This would probably require VDOT to submit an application to AASHTO.								1	1014 West Broad Street, Richmond, Virginia 23284, United States
Jul 15, 2025, 02:24 PM	1				1				Traffic tends to back up from the Belvidere Street offramp onto southbound I-95 during peak hours. This interchange should probably be redesigned, especially given the empty space available on I-95 where the toll booths used to be.						1			Richmond-Petersburg Turnpike, Richmond, Virginia 23237, United States
May 15, 2025, 10:59 AM			1						The Leigh Viaduct bike lanes are in desperate need of regular sweeping. I bike this route every day, and regularly have to patch or change my tubes because of how much sharp debris end up in these lanes.								1	Leigh Street Viaduct, Richmond, Virginia 23219, United States
May 14, 2025, 09:14 AM	1								Getting on and off Rt. 1 to side streets is difficult.								1	15118 Washington Highway, Ashland, Virginia 23005, United States
May 14, 2025, 09:14 AM	1								Getting onto Rt. 1 to Rt. 30 is difficult.									16131 Washington Highway, Doswell, Virginia 23047, United States
May 14, 2025, 09:12 AM	1	1							288 seems to handle traffic well.								1	690 Huguenot Trail, Midlothian, Virginia 23113, United States

May 14, 2025, 09:10 AM	1	1						295 seems to handle traffic well (Other than the Atlee exits)					1					Korean War Veterans Memorial Highway, Mechanicsville, Virginia 23231, United States
May 14, 2025, 09:08 AM	1	1						Transition from 95 to 64 to Exit 78 is quite difficult and results in slowdowns.					1					Richmond-Petersburg Turnpike, Richmond, Virginia 23237, United States
May 14, 2025, 09:04 AM			1		1			Connect Trolley Line, Fall Line, and Capital Trail.							1			10410 Cedar Lane, Glen Allen, Virginia 23059, United States
May 14, 2025, 09:02 AM	1							Rt. 54/Scotchtown has rumble strips, signs, new lights, & still regular accidents.	1									14506 Scotchtown Road, Beaverdam, Virginia 23015, United States
May 14, 2025, 08:52 AM	1							Rt. 1 & Dawn Blvd. Need traffic light.							1			16174 Washington Highway, Doswell, Virginia 23047, United States
May 14, 2025, 08:50 AM	1	1						Left turn interchange off of I-95 catches traffic which backs up onto I-95					1					92 East Patrick Henry Road, Ashland, Virginia 23005, United States
May 14, 2025, 08:48 AM	1					1		Trains are getting longer and people are driving on the tracks. (Need a W. Vaughn/Archie Cannon overpass)					1					104 North Railroad Avenue, Ashland, Virginia 23005, United States
May 14, 2025, 08:47 AM	1							Traffic on Berkley to Henry St. can be a problem.					1					212 Berkley Street, Ashland, Virginia 23005, United States
May 13, 2025, 03:59 PM	1		1					Decreases in parking requirements are good and is accompanied by more robust transportation like buses and bike lanes.								1		10 South 18th Street, Richmond, Virginia 23219, United States
May 13, 2025, 03:58 PM							1	-General- Bridge funding gap between transportation development needed for housing development (sidewalks, drives, wider streets for increased traffic, access roads as easements etc.) Please teach roundabouts and new in drivers Ed. & at the DMV								1		5285 Sandy Valley Road, Mechanicsville, Virginia 23111, United States
May 13, 2025, 03:53 PM					1			Improved public transportation between Mechanicsville & Richmond City (affordable housing in Mechanicsville getting connected to jobs in Richmond)									1	7116 Edgewood Road, Mechanicsville, Virginia 23111, United States
May 13, 2025, 03:50 PM					1			Poor public transportation - frequency & in efficient routes, no leading lights make difficult to turn left.									1	1532 Mechanicsville Turnpike, Richmond, Virginia 23223, United States
May 13, 2025, 03:30 PM	1							Congestion is INTENSE in Short Pump, especially Pump & Broad & shopping areas with World Market & Whole Foods.				1						11351 West Broad Street, Henrico, Virginia 23060, United States
May 13, 2025, 03:28 PM	1							Patterson & Parham - new improvements to intersection are good BUT right turn lane from southbound Parham onto W. bound Patterson would alleviate afternoon traffic.				1						101 North Parham Road, Henrico, Virginia 23229, United States
May 13, 2025, 03:25 PM	1	1						I-95 traffic in afternoon is becoming a problem, especially on Belvidere.				1						Richmond-Petersburg Turnpike, Richmond, Virginia 23237, United States
May 13, 2025, 03:21 PM	1	1						I-95 Atlee/Elmont is always backed-up.				1						Virginia Center Parkway, Glen Allen, Virginia 23059, United States
May 13, 2025, 03:16 PM					1			The GRTC LINK should get to Elmont School.									1	11290 Cedar Lane, Ashland, Virginia 23059, United States
May 13, 2025, 03:10 PM					1			Extend GRTC & LINK service to extend the area.									1	421 South Washington Highway, Ashland, Virginia 23005, United States
May 13, 2025, 03:06 PM	1							Intersection of Rt. 54 & Rt 30, frequent traffic congestion; difficult to maneuver.					1					98 Kings Dominion Boulevard, Doswell, Virginia 23047, United States
May 13, 2025, 03:00 PM				1	1			Sidewalk Project.									1	407 Henry Street, Ashland, Virginia 23005, United States
May 13, 2025, 02:59 PM					1			GRTC current project is a great addition to Ashland!									1	203 College Avenue, Ashland, Virginia 23005, United States
May 13, 2025, 02:59 PM			1		1			Fall Line Trail!										108 North James Street, Ashland, Virginia 23005, United States
May 13, 2025, 02:56 PM					1			GRTC LINK - thank you for helping people with limited transportation.										144 Sunny Drive, Ashland, Virginia 23005, United States
May 13, 2025, 02:54 PM				1	1			The improvements to the Ashland area looks good and will be even better as improvements are made! Yay to sidewalks!									1	103 East Patrick Street, Ashland, Virginia 23005, United States
May 13, 2025, 02:39 PM	1		1	1				We need more street lighting.									1	409 Henry Street, Ashland, Virginia 23005, United States
May 13, 2025, 02:36 PM	1		1	1	1			Crossovers needed to allow safe crossing of Rt. 1 - over passes?									1	101 South Washington Highway, Ashland, Virginia 23005, United States
May 13, 2025, 02:24 PM						1		3rd rail - high speed transportation/rail going North/South is needed.										201 South Railroad Avenue, Ashland, Virginia 23005, United States
May 12, 2025, 09:35 AM					1			The LINK system is very good, but needs more vans!										210 North James Street, Ashland, Virginia 23005, United States
May 12, 2025, 09:34 AM			1		1			The trails! Fall Line trail connecting localities!									1	613 North James Street, Ashland, Virginia 23005, United States
May 12, 2025, 09:32 AM			1		1			Flashing lights at crossings in town (need signage - state law)									1	437 England Street, Ashland, Virginia 23005, United States
May 12, 2025, 09:27 AM						1		The LINK is a great service! But rides, especially to VCC, are often "unavailable" problem for folks who need to get home.										108 Thomas Street, Ashland, Virginia 23005, United States
May 12, 2025, 09:25 AM			1		1			We could use more pedestrian crossings with better markings and flashing lights.									1	205 Duncan Street, Ashland, Virginia 23005, United States
May 12, 2025, 09:16 AM	1							Overflow traffic from I-95 to Rt. 1 through Ashland! Accidents, holiday traffic are often brutal.									1	200 North Washington Highway, Ashland, Virginia 23005, United States
May 12, 2025, 09:02 AM	1							We need an overpass over the railroad, particularly for emergency vehicles.									1	506 North Center Street, Ashland, Virginia 23005, United States
May 12, 2025, 08:58 AM						1		We need a third rail thru Ashland.										225 Thompson Street, Ashland, Virginia 23005, United States
May 09, 2025, 03:35 PM	1	1						Ashland Bypass										12065 West Patrick Henry Road, Ashland, Virginia 23005, United States
May 09, 2025, 03:33 PM			1					Bike lanes on higher use roads										12480 Elmont Road, Ashland, Virginia 23005, United States
May 09, 2025, 03:28 PM	1							Overpass on Ashcake Rd is needed.										100 Ashcake Road, Ashland, Virginia 23005, United States
May 09, 2025, 03:07 PM			1		1			We need sidewalks on James between Patrick & Henry Clay										218 North James Street, Ashland, Virginia 23005, United States
May 09, 2025, 03:04 PM			1		1			Need sidewalks between James & rail road tracks along Vaughn.										109 Vaughan Road, Ashland, Virginia 23005, United States
May 09, 2025, 03:01 PM						1		There is a lack of public transportation between Richmond and the airport.									1	5555 Triangle Road, Henrico, Virginia 23250, United States
May 09, 2025, 02:48 PM			1		1			There are no sidewalks from Lauradell/Luck Farms into the town of Ashland on VA-54										813 Thompson Street, Ashland, Virginia 23005, United States
May 09, 2025, 02:47 PM	1		1		1			Exit out of Lauradell - Left Turn is dangerous especially during the morning and evening rush hour. There should be a traffic light.										701 Vaughan Road, Ashland, Virginia 23005, United States
May 09, 2025, 02:43 PM	1		1		1	1		Left turns are difficult during certain times of the day. Needs a stop light for school buses.										625 North Washington Highway, Ashland, Virginia 23005, United States
May 09, 2025, 02:40 PM	1		1		1			The intersection of Henry St. and VA-54 needs a traffic light.	1									216 England Street, Ashland, Virginia 23005, United States
May 09, 2025, 02:38 PM	1							When I-95 backs up Washington Hwy & England St. intersection backs up too causing local congestion.				1						101 South Washington Highway, Ashland, Virginia 23005, United States
May 09, 2025, 02:28 PM			1		1			Crosswalks - People do not consistently stop at crosswalks even when lights are flashing. Crosswalks at James and 54 doesn't match up to sidewalks.									1	123 Thompson Street, Ashland, Virginia 23005, United States
May 09, 2025, 02:17 PM					1			The walkability between downtown Ashland and Lankford Crossing is great!										105 South James Street, Ashland, Virginia 23005, United States
May 09, 2025, 02:15 PM						1		The LINK service is needed and is working well!					1					312 Duncan Street, Ashland, Virginia 23005, United States
May 09, 2025, 02:07 PM						1		CSX has left debris from installation of replacement vehicle crossing for almost a year, if not longer. It is visually disturbing and makes them terrible neighbors. They should be held accountable to clean it up.				1						1020 South Center Street, Ashland, Virginia 23005, United States
May 09, 2025, 02:05 PM	1		1		1			The intersection of Sliding Hill Rd/ Mt. Hermon Rd./and Ashcake Rd./ Peaks Rd should be realigned and converted to a rotary.									1	9163 Sliding Hill Road, Ashland, Virginia 23005, United States
May 08, 2025, 09:54 PM					1			New sidewalk along Ridge is excellent. Need more of this type of infrastructure in this area to connect residents with neighborhood amenities.									1	8102 Ridge Road, Henrico, Virginia 23229, United States
May 08, 2025, 09:51 PM	1		1		1			Chesterfield Department of Transportation (CDOT) is exploring a road diet on Boulders Parkway. Please support them in this effort. Traffic on this road, even at commuting hours, does not justify two lanes. There is excellent connectivity to major roads (76, 150, 60) at both ends of Boulders; congestion is never an issue. This area is becoming more residential; a road diet with sidewalks and bike lanes is a needed improvement.									1	604 Boulders Parkway, North Chesterfield, Virginia 23225, United States
May 08, 2025, 09:49 PM					1			I travel this route every day. There are so many pedestrians risking their lives to cross 60 or to walk along 60 underneath the 150 overpass. A crosswalk would be OK but a bridge is the ideal improvement here to ensure human safety. This area is growing with additional residential capacity coming at Springline.										7104 Midlothian Turnpike, North Chesterfield, Virginia 23225, United States
May 08, 2025, 09:41 PM			1		1			A road diet is needed at the intersection of Guthrie and Libbie. Libbie is already 2-lanes just to the south, so this would have minimal impact on capacity. Reducing the road width would shorten pedestrian crossing distance for area residents looking to access amenities such as the new pocket park, the commercial areas at Libbie/Patterson and Libbie/Grove.									1	601 Libbie Avenue, Richmond, Virginia 23226, United States

May 08, 2025, 09:38 PM	1								Please do not consider widening River Road along the south end of the golf course. This area is badly congested today, but widening it would create induced demand and attract even more vehicles. Improvement of this corridor should look at a variety of strategies, including tolls on Huguenot Bridge or removal of tolls on Powhite. Improved bike/ped infrastructure in this area would remove cars off the road. Just don't add more car lanes, please!											Huguenot Road, Richmond, Virginia 23226, United States	
May 08, 2025, 09:32 PM			1	1					A bike/ped crossing over the Norfolk Southern tracks is needed within the Woodmont neighborhood. Chesterfield's bike & Trail plan routes bike traffic onto busy Huguenot Rd and narrow Cranbeck Rd. to get to the south. Why not keep bike/ped traffic within quiet neighborhoods and use the multiple cul-de-sacs in Woodmont and Greenfield to cross the tracks? This would provide access for Woodmont residents to the Huguenot Park and Johnston Willis Hospital to the south, and access for the Greenfield residents to the Bon Air commercial area.								1			2201 Penrose Drive, North Chesterfield, Virginia 23235, United States	
May 08, 2025, 09:24 PM			1	1					The SE end of Brown Road would be an ideal location of a bike/ped overpass over Powhite Parkway, providing interconnectivity between the commercial hub at Bon Air and the office park & apartments at the Boulders. This could avoid dangerous pedestrian/car interactions at the very busy Jahnke/Powhite interchange. There is already good trail availability within the Boulders.								1			7800 Brown Road, North Chesterfield, Virginia 23235, United States	
May 08, 2025, 09:20 PM			1	1					The area between Huguenot Road, Buford Road, and the Norfolk Southern train tracks is completely cut off to pedestrian travel to the Shoppes at Belgrade on the north side of Huguenot Road. Please consider expanding bike/ped infrastructure in this area to improve accessibility of this commercial center to area residents. It would reduce vehicular traffic on busy Huguenot if more nearby residents felt safe to go to the grocery store on bike or on foot.								1			2301 Scarsborough Drive, North Chesterfield, Virginia 23235, United States	
May 08, 2025, 09:17 PM			1	1					The recently completed shared use path on McRae Road is an excellent addition to this community. Please consider options to extend this path further south to Robious Road and Midlothian Turnpike.									1		8634 Rockaway Road, North Chesterfield, Virginia 23235, United States	
May 08, 2025, 09:16 PM			1	1					Chesterfield County transportation department (CDOT) is studying the feasibility of extending a sidewalk along Forest Hill Ave. between the Bon Air village and the Richmond city line. Please consider financially supporting this effort that would benefit two jurisdictions within the region and would fill a missing gap for bikers and pedestrians on Forest Hill Ave.									1		8154 Forest Hill Avenue, North Chesterfield, Virginia 23235, United States	
May 08, 2025, 09:12 PM							1		I live very close to the Norfolk Southern line, not far from Robious Road. There's not much freight traffic here. PlanRVA should explore options for a Midlothian commuter train within the existing track, carefully coordinated to avoid Norfolk Southern's scheduled freight runs. Preliminary success could justify adding a dedicated passenger line within the existing right-of-way between Midlothian and Manchester. This would do so many wonderful things to reduce congestion on Huguenot Bridge, Midlothian Turnpike, Hull Street, etc.									1		11430 West Huguenot Road, North Chesterfield, Virginia 23113, United States	
May 08, 2025, 09:07 PM	1								Traffic on the Huguenot Bridge is horrible. I don't have the data, but I'd suspect a good portion of it consists of folks who don't want to pay the Powhite Parkway toll. There should be a toll on this bridge so that there is no money saved by taking this route, and this route will be prioritized by local traffic accessing the immediate area and not through traffic. Or, tolls could be completely removed from Powhite Parkway so there's no financial incentive to choose the Huguenot Bridge instead.										1	Huguenot Road, Henrico, Virginia 23226, United States	
May 08, 2025, 09:04 PM	1								New Kent County is requesting millions of commonWEALTH taxpayer money to accommodate a private business locating near exit 211 (Buc-ee's). There is no need for this project. There is no problem getting gas or snacks along the I-64 corridor. I travel this area frequently and the fuel pumps and convenience stores are never overrun. Approval of public funds for this project is an abysmal corporate subsidy. We have better things to spend money on in this State and this Region. The only beneficiaries of this projects are the Buc-ee's owners and the Ohioans, Pennsylvanians, and Marylanders who pass through here on their way to the Outer Banks. There is no benefit to citizens of this region.											1	7037 Emmaus Church Road, Providence Forge, Virginia 23140, United States
May 08, 2025, 03:45 PM			1	1					I like the capital trail. It's long and good to ride a bike on!						1					5600 Old Osborne Turnpike, Henrico, Virginia 23231, United States	
May 08, 2025, 03:44 PM			1	1					I like Belle Isle. It's big and fun. Hiking is fun.						1					Robert E. Lee Memorial Bridge, Richmond, Virginia 23219, United States	
May 08, 2025, 03:43 PM			1	1					I love the suspended bridge to Belle Island and the bike/hiking paths along the island.								1			Manchester Bridge, Richmond, Virginia 23219, United States	
May 08, 2025, 03:42 PM							1		I love the easy and accessible busses to the science museum.						1					2300 West Broad Street, Richmond, Virginia 23220, United States	
May 08, 2025, 03:39 PM			1	1					I love the huge bike lane across the entire street of Patterson.								1			6313 Patterson Avenue, Richmond, Virginia 23226, United States	
May 08, 2025, 03:38 PM	1		1	1					The main road across housing has no bike lanes and is very dangerous (hard to cross).	1										1215 East Broad Street, Richmond, Virginia 23219, United States	
May 08, 2025, 03:35 PM							1		Around my neighborhood there are bus stops, but none of them are covered and the signs are in horrible condition. They're bent, twisted, coming out of the ground, and just missing the sign itself.								1			210 West Baker Street, Richmond, Virginia 23220, United States	
May 08, 2025, 03:32 PM							1		I don't believe there are any busses that drop off at Byrd Park.						1					2699 Police Memorial Way, Richmond, Virginia 23221, United States	
May 08, 2025, 03:31 PM			1	1					Along the outskirts of Carytown there are no bike lanes and there is high traffic so it feels dangerous.										1	1214 West Cary Street, Richmond, Virginia 23220, United States	
May 08, 2025, 03:28 PM									Litter in Belle Isle is a problem. Broken bottles, vapes, and needles.										1	Robert E. Lee Memorial Bridge, Richmond, Virginia 23219, United States	
May 08, 2025, 03:26 PM							1		There are very few buses that go to the Richmond Airport.						1					5555 Triangle Road, Henrico, Virginia 23250, United States	
May 08, 2025, 03:24 PM			1						There are not any bike lanes on the way to the airport.								1			3400 Williamsburg Avenue, Richmond, Virginia 23223, United States	
May 08, 2025, 03:23 PM	1		1	1					Terrible roundabout at Rockets landing. It is very hard to cross.								1			Virginia Highway 5, Richmond, Virginia 23223, United States	
May 08, 2025, 03:14 PM			1	1					The amount of parks in the area promote wildlife very well!								1			Powhite Parkway, Richmond, Virginia 23225, United States	
May 08, 2025, 03:13 PM							1		I like how accessible busses are in Richmond.									1		1900 West Clay Street, Richmond, Virginia 23220, United States	
May 08, 2025, 03:11 PM	1		1				1		Parking down by Rocketts landing with a trailer for boating or biking is really challenging. Adding dedicated parking for trailers would be helpful.									1		5600 Old Osborne Turnpike, Richmond, Virginia 23231, United States	
May 08, 2025, 03:09 PM							1		-General-												
May 08, 2025, 03:07 PM	1								General expansion of public transportation would be faster for everyone to get from point A to B. The intersection of E. Clay St. and N. 25th St. has multiple crashes a month. It needs a 4-way stop or a red light.						1					6001 Studley Woods Drive, Hanover, Virginia 23069, United States	
May 08, 2025, 03:03 PM	1		1	1					The intersection of Main St. Nicholson St. & the ramp to the Volleyball Courts is TERRIBLE when turning from the tramp onto Nicholson St. Especially w/ a bike trailer.						1					2505 East Clay Street, Richmond, Virginia 23223, United States	
May 08, 2025, 02:55 PM							1		-General-											4400 East Main Street, Richmond, Virginia 23231, United States	
May 08, 2025, 02:51 PM			1	1					I would want a cover on each of the GRTC bus stops.								1			3111 Creighton Road, Richmond, Virginia 23223, United States	
May 08, 2025, 02:50 PM	1								There should be more biking places along Q Street and along 31st St. It is extremely hard to get parking for the Holocaust Museum.								1			1131 North 31st Street, Richmond, Virginia 23223, United States	
May 08, 2025, 02:18 PM			1	1					Bike trails near the James river are great!								1			1400 East Cary Street, Richmond, Virginia 23219, United States	
May 08, 2025, 02:17 PM							1		-General-											3240 Deepwater Terminal Road, Richmond, Virginia 23234, United States	
May 08, 2025, 02:17 PM							1		Free busses are great! The bus shows up on time and is consistent.						1					15115 Stone Horse Creek Road, Ashland, Virginia 23005, United States	

May 08, 2025, 02:16 PM			1	1			Pine Camp has good side walks and trails!								1		4901 Old Brook Road, Richmond, Virginia 23227, United States	
May 08, 2025, 02:15 PM				1			Carytown has good sidewalks and has a very walkable area surrounding it.										2307 West Cary Street, Richmond, Virginia 23220, United States	
May 08, 2025, 02:09 PM			1	1			The bridge connection two Belle Isle is good.			1							Robert E. Lee Memorial Bridge, Richmond, Virginia 23219, United States	
May 08, 2025, 02:07 PM			1	1			The Belle Isle bridge is great, and Belle Isle in general is a good park.								1		Robert E. Lee Memorial Bridge, Richmond, Virginia 23219, United States	
May 08, 2025, 02:05 PM					1		The train station needs to be fixed, it takes two long.									1	7519 Staples Mill Road, Henrico, Virginia 23228, United States	
							-General-											
May 08, 2025, 02:00 PM							There should be an Airport in Richmond so people don't have to drive as far.									1	7 West Lancaster Road, Richmond, Virginia 23222, United States	
May 08, 2025, 01:58 PM			1	1			We should have sidewalks in the Azalea neighborhood near 95 on streets like Wilmer Ave.								1		337 Azalea Avenue, Richmond, Virginia 23227, United States	
May 08, 2025, 01:53 PM			1	1			We could use more bike lanes near Azalea Ave. connecting to Henrico.								1		309 Azalea Avenue, Richmond, Virginia 23227, United States	
							-General-											
May 07, 2025, 04:05 PM	1						Prefer options that aren't stop lights (E.g. 4 way stops, yield lights rather than red)								1		Old C C Road, Ruther Glen, Virginia 22546, United States	
May 07, 2025, 04:04 PM	1						-General- Love Roundabouts!								1		Old C C Road, Ruther Glen, Virginia 22546, United States	
May 07, 2025, 04:02 PM	1				1	1	Better connectivity to transport hubs (airports to train stations, even potentially to metro DC)									1	6025 Beulah Road, Sandston, Virginia 23150, United States	
May 07, 2025, 04:01 PM	1						There's increasingly bad traffic on 301 in Hanover.		1								9464 Chamberlayne Road, Mechanicsville, Virginia 23116, United States	
May 07, 2025, 03:59 PM					1		It would be ideal to have a commuter option from Richmond to Ashland.										Interstate 95, Ashland, Virginia 23005, United States	
May 07, 2025, 03:57 PM					1		I love the increased sidewalks!								1		713 North Washington Highway, Ashland, Virginia 23005, United States	
May 07, 2025, 03:57 PM					1		I love the LINK system.									1	11060 Johnson Road, Ashland, Virginia 23005, United States	
May 07, 2025, 03:56 PM	1						RL 1 is often congested.			1							11310 Washington Highway, Ashland, Virginia 23005, United States	
May 07, 2025, 03:55 PM	1						KD traffic at night, bleeds to Rt. 1		1								26058 Zion Road, Ruther Glen, Virginia 22546, United States	
May 07, 2025, 03:53 PM					1		We need a trolley/shuttle from Ashland to Richmond.									1	10459 Atlee Station Road, Mechanicsville, Virginia 23116, United States	
May 07, 2025, 03:52 PM	1						Good lane spacing for cars.								1		10207 Delray Road, Glen Allen, Virginia 23060, United States	
May 07, 2025, 03:51 PM					1		The LINK system in Ashland is good									1	10259 Hickory Hill Road, Ashland, Virginia 23005, United States	
May 07, 2025, 03:47 PM	1						Ashland needs more parking.								1		100 Medical Drive, Ashland, Virginia 23005, United States	
May 07, 2025, 03:47 PM			1	1			Fall Line Trail allowing hiking throughout the region!									1	11402 Ashcake Road, Ashland, Virginia 23005, United States	
May 07, 2025, 03:45 PM						1	Having an International Airport is always a plus.									1	1 Richard E Byrd Terminal Dr, Sandston, Virginia 23250, United States	
May 07, 2025, 03:43 PM	1	1					Exit 92 allows Ashland to be a desired stop for the millions of travelers using I-95.									1	10292 East Patrick Henry Road, Ashland, Virginia 23005, United States	
May 07, 2025, 03:40 PM					1		Amtrak station in Ashland allows a small town to be destination amongst larger cities like New York, Philly, and D.C.										310 North Center Street, Ashland, Virginia 23005, United States	
May 07, 2025, 03:39 PM	1	1					The 295 exchange allows for commute to communities surrounding Richmond faster and with less traffic.						1				Korean War Veterans Memorial Highway, Glen Allen, Virginia 23231, United States	
May 07, 2025, 03:26 PM					1		LINK in Ashland has been wonderful, especially for RMC students.									1	100 Vaughan Road, Ashland, Virginia 23005, United States	
May 07, 2025, 03:23 PM	1						The merge from Powhite PKWY onto I-195 N is so tight that I worry when my 18 and 21 year old kids have to drive there.						1				3008 Idlewood Avenue, Richmond, Virginia 23221, United States	
May 07, 2025, 03:20 PM					1		Could Amtrak trains arrive in Richmond earlier in the morning? So people from Ashland couple take the SE Regional to work in the morning. Currently, it leaves Ashland at 9am which is too late for me to take to work.									1	1314 East Grace Street, Richmond, Virginia 23219, United States	
May 07, 2025, 03:19 PM			1	1			I would love to see a biking/walking trail that connects the Town of Ashland to Patrick Henry High School and Liberty Middle School along 54.								1		12373 West Patrick Henry Road, Ashland, Virginia 23005, United States	
May 07, 2025, 03:17 PM			1	1			The Fall Line Trail! It's the reason I moved to Ashland!!!									1	132 Swannee Drive, Ashland, Virginia 23005, United States	
May 07, 2025, 03:13 PM					1		GRTC Pulse Line was great when I lived in Scott's Addition.										1	202 West Broad Street, Richmond, Virginia 23220, United States
May 07, 2025, 03:12 PM					1		Friends living in Rosedale want a better walking path from North Richmond to the New Carmax Park/Scott's Addition.									1	1718 Wilmington Avenue, Richmond, Virginia 23227, United States	
May 06, 2025, 04:30 PM			1	1			Capital bike trail is amazing!! - We need something to better connect us in New Kent area / Pocahontas Trail/Providence Forge									1	3900 Wayside Road, Charles City, Virginia 23030, United States	
May 06, 2025, 04:28 PM			1				Bike Trail needed									1	5500 Pocahontas Trail, Providence Forge, Virginia 23140, United States	
May 06, 2025, 04:27 PM					1		Chickahominy TODA: Public transportation needed.			1							3720 Bailey Road, Providence Forge, Virginia 23140, United States	
May 06, 2025, 04:26 PM	1	1	1	1	1	1	Flooding on the entire length of Rt 60!		1								9410 Boulevard Road, Providence Forge, Virginia 23140, United States	
May 06, 2025, 04:24 PM					1		Providence Forge needs sidewalks!			1							9216 South Courthouse Road, Providence Forge, Virginia 23140, United States	
May 06, 2025, 04:18 PM					1		The train station has delays and long wait times.								1		7519 Staples Mill Road, Henrico, Virginia 23228, United States	
May 06, 2025, 04:18 PM					1		We need more sidewalks in the Azalea neighborhood near I-95.									1	Chamberlayne Road, Richmond, Virginia 23227, United States	
May 06, 2025, 04:17 PM			1	1			Central Richmond needs safer walking areas and better sidewalks.									1	404 West Grace Street, Richmond, Virginia 23220, United States	
May 06, 2025, 04:16 PM	1					1	We need another airport more North.									1	5650 Triangle Road, Henrico, Virginia 23250, United States	
May 06, 2025, 04:15 PM					1		There should be public transportation from Richmond to Henrico.										6903 Park Avenue, Richmond, Virginia 23226, United States	
May 06, 2025, 04:06 PM	1						Speed bumps in this area are great!			1							22 South Nansemond Street, Richmond, Virginia 23221, United States	
May 06, 2025, 04:05 PM	1						The tolls are too high.									1	325 South Robinson Street, Richmond, Virginia 23220, United States	
May 06, 2025, 03:34 PM	1						The entrance ramp onto I-64 from W/ Broad in Short Pump gets incredibly crowded and probably needs to be extended to two lanes.								1		11090 West Broad Street, Glen Allen, Virginia 23060, United States	
May 06, 2025, 03:31 PM			1	1			There should be more crosswalks across Patterson Avenue near Freeman High School. Currently it is really dangerous to cross.									1	1500 North Parham Road, Henrico, Virginia 23229, United States	
May 06, 2025, 03:17 PM	1						More parking at Belle Isle would be great!									1	120 Tredegar Street, Richmond, Virginia 23219, United States	
May 06, 2025, 03:16 PM	1						Adding a traffic circle on Twin Hickory Lake Dr. made the stop more efficient and the road safer.							1			4801 Twin Hickory Lake Drive, Glen Allen, Virginia 23059, United States	
May 06, 2025, 03:10 PM	1						Short Pump mall has great parking.							1			164, Henrico, Virginia 23233, United States	
May 06, 2025, 03:09 PM	1		1	1			Laburnum needs more street lights.								1		3621 Noble Avenue, Richmond, Virginia 23222, United States	
May 06, 2025, 03:07 PM						1	Put a grocery store to get fresh veggies near New Market Rd.									1	Korean War Veterans Memorial Highway, Henrico, Virginia 23231, United States	
May 06, 2025, 03:04 PM			1	1			Hermitage Road needs to be redone. Work has been done and poorly fixed causing the road to be very bumpy.									1	7322 Hermitage Road, Henrico, Virginia 23228, United States	
May 06, 2025, 03:01 PM	1						River Road, put a speed checker thing because so many people speed or put in a speed bump.		1								12902 River Road, Henrico, Virginia 23238, United States	
May 06, 2025, 02:48 PM					1		Love Lakeside!! Friendly area, great pools!									1	1801 Hilliard Road, Henrico, Virginia 23228, United States	
May 06, 2025, 02:47 PM	1		1		1		Great area. Very good roads!									1	New Market Road, Henrico, Virginia 23231, United States	
May 06, 2025, 02:45 PM	1						Carry Street needs more PUBLIC parking									1	12 South Shields Avenue, Richmond, Virginia 23220, United States	
May 06, 2025, 02:44 PM			1				Leigh St. Viaduct needs PROTECTED bike lanes separate of sidewalk.									1	Leigh Street Viaduct, Richmond, Virginia 23219, United States	
May 06, 2025, 02:41 PM			1	1	1		Needs everything changed (no bus stops)									1	7418 Atlee Road, Mechanicsville, Virginia 23111, United States	
May 06, 2025, 02:39 PM					1		Bus stop near the high school is needed.									1	45 South Airport Drive, Highland Springs, Virginia 23075, United States	
May 06, 2025, 02:33 PM	1						Remove the "Road Closed" barrier on Old Pump so I can leave easier.									1	11713 Thaddeus Drive, Henrico, Virginia 23233, United States	
May 06, 2025, 02:32 PM	1						Laurel Woods Ln needs a stop sign coming from Old Pump Road. People speed sometimes and accidents commonly happen.									1	2901 Laurel Woods Lane, Henrico, Virginia 23233, United States	
May 06, 2025, 02:24 PM	1		1	1	1		The roundabout at 25th St near 25th St. Market works well.							1			Virginia Highway 33, Richmond, Virginia 23223, United States	
May 06, 2025, 02:23 PM			1	1			Accessibility to capital trail and developing outdoor space at Great Shiplock Park/Dock St is great.									1	Richmond-Petersburg Turnpike, Richmond, Virginia 23237, United States	
May 06, 2025, 02:18 PM	1		1		1		Just across the Leigh St. Viaduct, the left lane almost spontaneously turns into a turn lane. This messes me & a lot of others up (looking at you bus driver who went straight from the turning lane)							1			O Street, Richmond, Virginia 23223, United States	
May 06, 2025, 02:15 PM	1						There is not a non-toll way to get across to Southside up river.									1	Powhite Parkway, Richmond, Virginia 23225, United States	
May 06, 2025, 02:11 PM			1				The protected bike lanes across Leigh St and Viaduct are not working well.								1		Leigh Street Viaduct, Richmond, Virginia 23219, United States	

Apr 30, 2025, 10:20 PM		1					Ridiculous that Bank Street supposedly not able to be the connector between Franklin and the bike route under the train tracks and interstate. Such a vital connection.			1							900 Bank Street, Richmond, Virginia 23219, United States
Apr 30, 2025, 10:16 PM		1	1				Really confusing, unclear, and potentially dangerous intersection getting from Monroe Park onto either Park or Floyd...not clear when to cross, where to cross, when traffic is moving. Again, shouldn't have to cross multiple streets (and wait every time) to progress.	1									809 South Cathedral Place, Richmond, Virginia 23284, United States
Apr 30, 2025, 10:13 PM		1	1				End of the Franklin Street bike lanes is a challenge -- no clear indication of where to go, how to get into the park, if park paths are ok to ride on, which side of the street you are supposed to be on. Shouldn't have to cross Franklin AND Belvidere to continue into the park.	1									105 North Belvidere Street, Richmond, Virginia 23220, United States
Apr 30, 2025, 10:10 PM		1					Bike lanes end at the intersections along Brook Road and generally all over the city...this is where we need safe infrastructure the most.	1									1200 Brookland Parkway, Richmond, Virginia 23227, United States
Apr 30, 2025, 10:06 PM		1	1				I-64 /95, and 195 and the railroad are an impenetrable barrier to walking and biking safely from rapidly growing Libbie Mill and Dabney Road area to Bryan Park, Scotts Addition, Diamond District. Need one or two high quality bike/ped crossings.							1			186 164, Henrico, Virginia 23228, United States
Apr 30, 2025, 10:03 PM						1	Speed limit of 45mph and actual speeds that are higher are totally incompatible with traffic and movement of people on Staples Mill Road. Major road diet and speed reduction with protected bike lanes needed...not more lanes, triple right turns, double left turns. One pedestrian and one cyclist killed on this stretch (Bethlehem to West Broad Street) since 2020.	1									8030 Staples Mill Road, Richmond, Virginia 23230, United States
Apr 30, 2025, 08:21 PM			1				Add sidewalks along Huguenot Road from Kager Center Blvd to Featherstone Dr	1									1621 Huguenot Road, Midlothian, Virginia 23113, United States
Apr 30, 2025, 08:20 PM			1				Add sidewalk along Winterfield Rd from Salisbury Rd to Netherfield Dr	1									Winterfield Road, Midlothian, Virginia 23113, United States
Apr 30, 2025, 08:18 PM			1				Add sidewalk along N Province Rd from Buford Rd to Rt. 60	1									101 North Providence Road, North Chesterfield, Virginia 23235, United States
Apr 30, 2025, 08:16 PM			1				Add a sidewalk along Walmesley Blvd from Turner Rd to Newington Dr	1									6713 Walmesley Boulevard, North Chesterfield, Virginia 23224, United States
Apr 30, 2025, 08:15 PM			1				Add a sidewalk along Turner Rd from Rt. 60 to Cloverleaf Drive.	1									408 Turner Road, North Chesterfield, Virginia 23225, United States
Apr 30, 2025, 05:50 PM			1				Continue the sidewalk along Holloway Ave south from Matoaca E5 to Brillhart Station Dr	1									20401 Holloway Avenue, South Chesterfield, Virginia 23803, United States
Apr 30, 2025, 05:48 PM		1	1				Add a share-use-path along Hickory Rd from Ravensbourne Dr	1									4500 Hickory Road, South Chesterfield, Virginia 23803, United States
Apr 30, 2025, 05:46 PM			1				Sidewalk along Loyal Ave from E River Rd to Dupuy Rd	1									20312 Loyal Avenue, South Chesterfield, Virginia 23803, United States
Apr 30, 2025, 05:43 PM			1				Sidewalk along Nash Rd from First Branch Ln to Applecross Way	1									11870 Nash Road, Chesterfield, Virginia 23838, United States
Apr 30, 2025, 05:40 PM			1				Add sidewalk along Dortonway Dr from Newbys Bridge Rd to Madras Ct	1									7330 Dortonway Drive, Chesterfield, Virginia 23832, United States
Apr 30, 2025, 05:39 PM			1				Add sidewalk along Newbys Bridge Rd from Dortonway to Walmesley Blvd	1									3417 Newbys Bridge Road, North Chesterfield, Virginia 23832, United States
Apr 30, 2025, 05:36 PM			1				Continue the sidewalk on Cogbill Rd from park and ride lot to Balwood Rd	1									3920 Cogbill Road, North Chesterfield, Virginia 23234, United States
Apr 30, 2025, 05:33 PM			1				Add a sidewalk to Salem Church Rd from Sara Kay Dr to Huntingcreek Dr	1									9300 Salem Church Road, North Chesterfield, Virginia 23237, United States
Apr 30, 2025, 05:31 PM			1				Add a pedestrian signal to the existing traffic signal at Hull Street Road and Fordham Rd/Gregory Pond Rd	1									3901 Fordham Road, North Chesterfield, Virginia 23236, United States
Apr 30, 2025, 05:30 PM			1				Sidewalk along the entire length of Fordham Road	1									4100 Fordham Road, North Chesterfield, Virginia 23236, United States
Apr 30, 2025, 05:27 PM			1				Continue existing sidewalk to Hustling Rd	1									9901 Krause Road, Chesterfield, Virginia 23832, United States
Apr 30, 2025, 05:24 PM			1				Sidewalk along Jessup Rd from Iron Bridge Rd to Jessup Meadows	1									5507 Jessup Road, North Chesterfield, Virginia 23234, United States
Apr 30, 2025, 05:22 PM			1				Add a pedestrian signal and crosswalks/ramps to the existing signal at Belmont Rd and Turner Rd	1									4126 Turner Road, Chesterfield, Virginia 23832, United States
Apr 30, 2025, 05:22 PM			1				Sidewalk along Belmont Rd from Turner Rd to Chippenham.	1									5826 Belmont Road, North Chesterfield, Virginia 23234, United States
Apr 30, 2025, 05:19 PM			1				Add a pedestrian signal and crosswalks/ramps at the existing traffic signal at Iron Bridge Rd and Irongate Dr/Omo Rd.	1									6301 Iron Bridge Road, North Chesterfield, Virginia 23234, United States
Apr 30, 2025, 05:19 PM			1				Add sidewalk along the full length of Irongate Drive	1									6807 Irongate Drive, North Chesterfield, Virginia 23234, United States
Apr 30, 2025, 05:18 PM			1				Add sidewalk along Little Creek Lane from Cogbill Road south to Meadowbrook HS property	1									6206 Howell Drive, North Chesterfield, Virginia 23234, United States
Apr 30, 2025, 05:17 PM			1				Add Sidewalk on both sides of Little Creek Lane from Meadowbrook HS property to Hopkins Road	1									4406 Little Creek Lane, North Chesterfield, Virginia 23234, United States
Apr 30, 2025, 05:08 PM		1	1				Sidewalk on north side of Genito Road from Ridge Road to Nahant Rd in keeping with the Genito Special Area Plan.	1									12001 Genito Road, Midlothian, Virginia 23112, United States
Apr 30, 2025, 04:54 PM			1				A Shared-Use-Path on the south side of Genito Rd from Shiloh Church Rd to Markey Rd in keeping with the Genito Special Area Plan.	1									17101 Virginia Highway 1, South Chesterfield, Virginia 23834, United States
Apr 30, 2025, 12:20 PM	1						Sidewalk and asphalt path along Route 1 from Pine Forest Dr to Harrowgate Rd	1									12320 River Road, Chesterfield, Virginia 23838, United States
Apr 30, 2025, 12:19 PM							bad 2-lane road, needs safety improvements	1						1			9312 Reams Road, North Chesterfield, Virginia 23236, United States
Apr 30, 2025, 12:18 PM			1			1	reconstruction needed from courthouse road to providence road							1			10517 Qualla Road, Chesterfield, Virginia 23832, United States
Apr 30, 2025, 12:18 PM							Windy road/reconstruction needed from spring run road to beach road	1						1			13140 River Road, Chesterfield, Virginia 23838, United States
Apr 30, 2025, 12:18 PM						1	reconstruction needed from claypoint road to spring run road							1			8100 Qualla Road, Chesterfield, Virginia 23832, United States
Apr 30, 2025, 12:17 PM						1	reconstruction needed from hicks road to woodland road							1			1021 South Providence Road, North Chesterfield, Virginia 23236, United States
Apr 30, 2025, 12:16 PM						1	reconstruction needed from hicks road to courthouse road							1			9635 West Providence Road, North Chesterfield, Virginia 23236, United States
Apr 30, 2025, 12:15 PM						1	reconstruction needed from woolridge road to genito road							1			4909 Otterdale Road, Moseley, Virginia 23120, United States
Apr 30, 2025, 12:14 PM		1					bad 2-lane road, needs safety improvements	1									8600 North Spring Run Road, Midlothian, Virginia 23112, United States
Apr 30, 2025, 12:14 PM						1	reconstruction from Hull street to Kelly green drive							1			4701 South Old Hundred Road, Midlothian, Virginia 23112, United States
Apr 30, 2025, 12:14 PM		1					bad 2-lane road, needs safety improvements	1									North Spring Run Road, Midlothian, Virginia 23112, United States

Apr 21, 2025, 05:40 PM			1	1	1	1	The Rt 288/Rt 1 interchange needs improvements to address vehicular and pedestrian safety.	1										11202 Virginia Highway 1, Chester, Virginia 23237, United States
Apr 21, 2025, 05:38 PM			1	1			Meadowville Road over I-295 needs to be widened to four lanes.	1										Korean War Veterans Memorial Highway, Chester, Virginia 23836, United States

Apr 21, 2025, 05:36 PM	1	1	1	1				The Rt 150/Hopkins interchange needs improvements to address safety and congestion. There is a lot of pedestrian activity on Hopkins Road so the improvements need to include pedestrian accommodations as well.	1								Chippenhams Parkway, North Chesterfield, Virginia 23225, United States
Apr 21, 2025, 05:33 PM	1	1	1	1				Rt. 150/Rt 60 interchange needs improvements to address congestion and safety. Improvements are needed for pedestrians to safely walk along Rt 60 through the interchange.	1								Chippenhams Parkway, North Chesterfield, Virginia 23225, United States
Apr 21, 2025, 05:32 PM	1	1	1	1				This interchange needs improvements particularly for pedestrians to be able to safely walk through the interchange.	1								Chippenhams Parkway, North Chesterfield, Virginia 23225, United States
Apr 21, 2025, 05:30 PM	1	1						The weave/merge area at this interchange creates vehicular safety issues.	1								6000 Virginia Highway 1, North Chesterfield, Virginia 23234, United States
Apr 21, 2025, 05:29 PM	1	1	1	1				The Rt. 360/Commonwealth Ctr Pkwy/Old Hundred Rd intersection is congested which creates safety issues. In addition, it is VERY difficult for pedestrians to cross Rt. 360 at this location.	1								4505 Commonwealth Centre Parkway, Midlothian, Virginia 23112, United States
Apr 21, 2025, 05:26 PM	1	1						Rt 288 is congested and needs widening particularly between Powhite and Route 10.	1								World War II Veterans Memorial Highway, Chesterfield, Virginia 23114, United States
Apr 21, 2025, 05:14 PM	1		1	1				Winterpock Road (Royal Birkdale Drive to Springford Parkway) - Widening (2 to 4)	1								8910 Winterpock Road, Chesterfield, Virginia 23832, United States
Apr 21, 2025, 05:12 PM	1		1	1				Needs future widening	1								8901 Winterpock Road, Chesterfield, Virginia 23832, United States
Apr 21, 2025, 03:53 PM								RECONSTRUCTION OF ROADWAY BETWEEN BAILEY BRIDGE CONNECTOR AND SUNDAY SILENCE LANE							1		13461 Bailey Bridge Road, Midlothian, Virginia 23112, United States
Apr 21, 2025, 03:47 PM								SEGMENT OF ARCH ROAD BETWEEN REAMS AND ARBORETUM PKWY NEEDS RECONSTRUCTED.	1						1		133 South Arch Road, North Chesterfield, Virginia 23236, United States
Apr 21, 2025, 03:45 PM								Improve alignment.	1								1513 Old Bon Air Road, North Chesterfield, Virginia 23235, United States
Apr 21, 2025, 03:43 PM								Unsafe intersection, realignment needed	1								6698 Beulah Road, North Chesterfield, Virginia 23237, United States
Apr 21, 2025, 03:30 PM	1	1						Provide connection from Bellwood Road to other side of James.			1						1300 Bellwood Road, North Chesterfield, Virginia 23237, United States
Apr 21, 2025, 01:46 PM	1	1						Route 288 is congested from Powhite Pkwy to Route 10.			1						World War II Veterans Memorial Highway, Chesterfield, Virginia 23114, United States
Apr 21, 2025, 01:44 PM	1	1						Route 288 is congested from Powhite Pkwy to Route 10.			1						World War II Veterans Memorial Highway, Midlothian, Virginia 23114, United States
Apr 21, 2025, 01:43 PM	1	1						Rt 288/Rt 360 interchange weave/merge areas are congested and create safety issues.	1								12700 Hull Street Road, Midlothian, Virginia 23112, United States
Apr 21, 2025, 01:41 PM	1	1						Route 288 is congested from Powhite Pkwy to Route 10.	1								World War II Veterans Memorial Highway, Midlothian, Virginia 23114, United States
Apr 21, 2025, 01:39 PM	1		1	1	1			Congestion and safety on Rt 60 needs to be address with intersection improvements, bike/ped accommodations and bus stop improvements.	1								101 Wadsworth Drive, North Chesterfield, Virginia 23236, United States
Apr 21, 2025, 01:38 PM	1		1	1	1			Congestion and safety on Rt 60 needs to be address with intersection improvements, bike/ped accommodations and bus stop improvements.	1								7559 Midlothian Turnpike, North Chesterfield, Virginia 23225, United States
Apr 21, 2025, 01:36 PM	1		1	1	1			Congestion and safety on Rt 60 needs to be address with intersection improvements, bike/ped accommodations and bus stop improvements.	1								7836 Midlothian Turnpike, North Chesterfield, Virginia 23235, United States
Apr 21, 2025, 01:35 PM	1		1	1	1			Congestion and safety on Rt 60 needs to be address with intersection improvements, bike/ped accommodations and bus stop improvements.	1								8113 Midlothian Turnpike, North Chesterfield, Virginia 23235, United States
Apr 21, 2025, 01:35 PM	1		1	1	1			Congestion and safety on Rt 60 needs to be address with intersection improvements, bike/ped accommodations and bus stop improvements.	1								1024 Huguenot Road, North Chesterfield, Virginia 23113, United States
Apr 21, 2025, 01:33 PM	1		1	1	1			Congestion and safety on Rt 60 needs to be address with intersection improvements, bike/ped accommodations, bus stop improvements.	1								101 North Pinetta Drive, North Chesterfield, Virginia 23235, United States
Apr 21, 2025, 01:30 PM	1		1	1				Rt. 10/Rt 1 intersection is congested and is a high crash location. It is very difficult for pedestrians and cyclists to cross as well. Intersection needs a creative solution.	1								Richmond-Petersburg Turnpike, Chester, Virginia 23237, United States
Apr 21, 2025, 01:28 PM	1		1	1				Traffic on Rt 360 needs to be addressed with widening and/or intersection improvements. Corridor also needs better bike/ped accommodations.	1								Hampton Park Drive, Chesterfield, Virginia 23832, United States
Apr 21, 2025, 01:26 PM	1		1	1				Unsignalized intersection is difficult for left turns from side street resulting in angle crashes.	1								1410 Courthouse Road, North Chesterfield, Virginia 23236, United States
Apr 21, 2025, 01:25 PM	1		1	1				Unsignalized intersection is difficult for vehicles turning left. Courthouse Road needs better bike/ped accommodations.	1								1001 Courthouse Road, North Chesterfield, Virginia 23236, United States
Apr 21, 2025, 01:23 PM	1		1	1				Chester Rd/Hamlin Ck intersection is very dangerous for left turning vehicles.	1								4201 Hamlin Creek Parkway, Chester, Virginia 23831, United States
Apr 21, 2025, 01:21 PM	1							Traffic congestion from 288 to Otterdale Road needs to be improved with widening and/or intersection improvements.	1								13601 Hull Street Road, Midlothian, Virginia 23112, United States
Apr 21, 2025, 01:19 PM	1							Traffic congestion from 288 to Otterdale Road needs to be improved with widening and/or intersection improvements.	1								14412 Hull Street Road, Midlothian, Virginia 23832, United States
Apr 21, 2025, 01:17 PM	1							Traffic congestion from 288 to Otterdale Road needs to be improved with widening and/or intersection improvements.	1								14050 Hull Street Road, Midlothian, Virginia 23112, United States
Apr 18, 2025, 04:30 PM	1		1	1				Need bridge across creek to Henricus. Chesterfield County has talked about downgrading the proposed bridge to a bike/pedestrian facility only. This should accommodate all three. Current Henricus access is not safe due to the truck and train traffic.	1								111 Henricus Park Rd, Chester, Virginia 23231, United States
Apr 18, 2025, 04:28 PM			1	1				Continue shared-use path along Chester Road from existing segment near Route 10 to Fall Line Trail.	1								11109 Chester Road, Chester, Virginia 23831, United States
Apr 18, 2025, 04:27 PM			1	1				Upgrade unbuffered bike lanes on Route 10 through Chester to wide sidewalks or shared-use path to increase bike & pedestrian safety.	1								4400 West Hundred Road, Chester, Virginia 23831, United States
Apr 18, 2025, 04:17 PM			1	1				Complete East Coast Greenway from Jessup Meadows (existing trail ends at Cogbill Road/Old Zion Hill Road) to Pocahontas Park. This should be a shared-use path alongside Cogbill, Belmont and Courthouse Roads.	1								6910 Cogbill Road, Chesterfield, Virginia 23832, United States
Apr 18, 2025, 04:13 PM			1	1				Upgrade paths along Brightwalton Road to a shared-use path.	1								3900 Brightwalton Road, Midlothian, Virginia 23112, United States
Apr 18, 2025, 04:11 PM			1	1				Need a shared-use path alongside Courthouse Road. This would provide a safer route as opposed to the unbuffered bike lanes along the road today.	1								401 Courthouse Road, North Chesterfield, Virginia 23236, United States
Apr 18, 2025, 04:10 PM			1	1				Need a shared-use path along Spirea Road in order to connect shared-use path along Lucks Lane to the bike lane along Gordon School Road. This is needed to create a safer connection to Monacan High School and Gordon Elementary School.	1								1112 Spirea Road, North Chesterfield, Virginia 23236, United States
Apr 18, 2025, 04:08 PM			1	1				Provide shared-use path/decking alongside Powhite Parkway to create greenway along Rock Creek Park Lake. This would provide a safe connection between Buford Road and Boulders.	1								Powhite Parkway, North Chesterfield, Virginia 23225, United States
Apr 18, 2025, 04:06 PM			1	1				Need a bike/pedestrian connection across the railroad tracks. You must go miles out of the way to safely pass through this area.	1								2301 Scarsborough Drive, North Chesterfield, Virginia 23235, United States
Apr 18, 2025, 04:00 PM			1	1				A shared-use path should be installed on the west side of Woolridge Road between Norland Road and Alvecote Drive. Chesterfield County has plans to provide the path along Woolridge from Genito to Norland, and Alvecote to Lacoc Road. A sidewalk is planned for this small segment. To be consistent, this should be a shared-use path.	1								Woolridge Road, Midlothian, Virginia 23120, United States
Apr 18, 2025, 03:48 PM			1	1				Convert existing sidewalk on Westerleigh Parkway to a shared-use path to match up with the recently installed path to the west at the new middle school.	1								17050 Westerleigh Parkway, Moseley, Virginia 23120, United States
Apr 18, 2025, 03:45 PM			1	1				Install shared-use path alongside Harrowgate Road. There are opportunities to use the old service roads alongside. This road connects Chester, Route 1, multiple schools and large neighborhoods.	1								15301 Harrowgate Road, Chester, Virginia 23831, United States
Apr 18, 2025, 03:43 PM			1	1				Enon is horribly underserved by bike infrastructure. Need to add more shared-use paths to connect neighborhoods, schools, the library, Meadowville/LEGO, and parks in this area. Prioritize segments based on Chesterfield County's Bikeways & Trails Plan.	1								13803 North Enon Church Road, Chester, Virginia 23836, United States
Apr 18, 2025, 03:40 PM			1	1				Upgrade sidewalks along major roadways in Magnolia Green to shared-use paths. The county's Bikeways and Trails Plan was never constructed in this area due to 1989 zoning which began to develop long before the Bikeways Plan was adopted.	1								7307 Vicenzo Drive, Moseley, Virginia 23120, United States

Apr 18, 2025, 03:36 PM			1	1			Construct shared-use path alongside Lucks Lane from the current path terminus north of 288 to the path along Centerpointe Parkway. This would provide a safe path across 288. I have seen numerous cyclists riding in traffic over this bridge and it is not safe!	1									World War II Veterans Memorial Highway, Midlothian, Virginia 23114, United States
Apr 18, 2025, 03:34 PM			1	1			Construct shared-use path through Route 288/Woolridge interchange to connect the future path south of the interchange that will be installed with the Woolridge southern extension as well as north to Charter Park Drive and Brightpoint Community College.	1									Woolridge Road, Midlothian, Virginia 23114, United States
Apr 18, 2025, 03:32 PM			1	1			Add shared-use path to Genito Road where segments are not able to be installed with new development. This will provide access to Rockwood Park once connected to Price Club Boulevard and the Horner's Run trail proposed by the county's Rockwood Special Focus Area Plan.	1									3906 Hazelnut Branch Road, Midlothian, Virginia 23112, United States
Apr 18, 2025, 03:29 PM			1	1			Fill in small gaps between paths proposed by developers between Tuckmar subdivision and Otterdale Road in order to connect these neighborhoods to Horner Park.	1									18001 Genito Road, Moseley, Virginia 23120, United States
Apr 18, 2025, 03:26 PM			1	1			A small gap in the path system remains between Providence Middle School and Turner Road, and Providence Middle School to Route 60. Add these last shared-use path segments to complete the area's bikeway network.	1									7620 Elkhardt Road, North Chesterfield, Virginia 23235, United States
Apr 18, 2025, 03:24 PM			1	1			Create a bike beltway using the perimeter roads like Koger Center Parkway and Alverser Drive so cyclists and pedestrians can bypass the busy and dangerous Route 60/Courthouse intersection. This would also better connect the surrounding neighborhoods to this major node in Chesterfield County.	1									1393 Carmia Way, North Chesterfield, Virginia 23235, United States
Apr 18, 2025, 03:22 PM			1	1			All of the bike/pedestrian infrastructure in Bon Air has been the result of Chesterfield County's Bon Air Special Area Plan and transportation department's pursuit of dollars to make these projects happen! All of the sidewalks and trails envisioned in the Bon Air Plan should be constructed asap! The recent sidewalks and paths are making Bon Air safer and giving it a more village-like feel.	1									2438 Buford Road, North Chesterfield, Virginia 23235, United States
Apr 18, 2025, 03:19 PM					1		Extend the Pulse with dedicated lanes along Route 60. Make this a more transit, bike and pedestrian-friendly route. Cars can use Chippenham and Powhite to cut across town!	1									8010 Midlothian Turnpike, North Chesterfield, Virginia 23235, United States
Apr 18, 2025, 03:13 PM			1	1			Roads parallel to Route 360 need shared-use paths so bikers can safely avoid being alongside the busy Route 360.	1									15800 Hampton Park Drive, Chesterfield, Virginia 23832, United States
Apr 18, 2025, 03:13 PM			1	1			Roads parallel to Route 360 need shared-use paths so bikers can safely avoid being alongside the busy Route 360.	1									14651 Hancock Towns Drive, Chesterfield, Virginia 23832, United States
Apr 18, 2025, 03:13 PM			1	1			Roads parallel to Route 360 need shared-use paths so bikers can safely avoid being alongside the busy Route 360.	1									15025 Village Square Parkway, Midlothian, Virginia 23112, United States
Apr 18, 2025, 03:12 PM			1	1			Replace unbuffered bike lanes ("bike accommodations") with shared-use path. These lanes are not safe with traffic going upwards of 60' mph right next to them.	1									Woolridge Road, Moseley, Virginia 23120, United States
Apr 18, 2025, 03:09 PM			1	1			Potential to utilize former stream crossing on Otterdale Road as a bike/pedestrian path. Would provide safe path well offset from the main roadway.	1									2893 Otterdale Road, Midlothian, Virginia 23120, United States
Apr 18, 2025, 02:52 PM			1	1			Need shared-use paths on both sides of Route 1/301 between Moores Lake Road and Perdue Springs Road. Developments have installed multiple segments however there is one segment that requires a creek crossing which will never be built by developers, thus public funds are needed to fill these gaps.	1									12013 Virginia Highway 1, Chester, Virginia 23831, United States
Apr 18, 2025, 02:17 PM			1	1			A shared-use path in needed along Courthouse Road to safely move bikes and pedestrians. The unbuffered bike lanes today are dangerous.	1									5531 Courthouse Road, Chesterfield, Virginia 23832, United States
Apr 18, 2025, 02:15 PM			1	1			Chesterfield County once proposed a path along Felling Creek between Rockwood Park and Providence Elementary School. This would be a safer alternative to walking or biking along Providence Road.	1									2413 Sunset Hills Court, Midlothian, Virginia 23236, United States
Apr 18, 2025, 02:14 PM			1	1			A bike/pedestrian bridge is needed over the railroad tracks. New development in Roseland will provide trails and sidewalks but will not improve the bridge.	1									900 Old Hundred Road, Midlothian, Virginia 23114, United States
Apr 18, 2025, 02:07 PM			1	1			A bike/pedestrian entrance to Henricus is needed here. Chesterfield County had plans to cross the river here with a path bridge however it may never happen without additional funding.	1									Dutch Gap Conservancy Path, Chester, Virginia 23836, United States
Apr 18, 2025, 02:06 PM			1	1			Any new interchange design here needs to include a shared-use path crossing over Chippenham Parkway. This is an unsafe crossing for cyclists and pedestrians. There is a need as area residents cross between neighborhoods and the large shopping centers.	1									5700 Hopkins Road, North Chesterfield, Virginia 23234, United States
Apr 18, 2025, 02:04 PM			1	1			Shared-use path needed along Turner Road. Many neighborhoods in this area are not accessible safely by bike or walking. This is also a lower-income area thus many residents may not own cars and could benefit from paths.	1									6309 Belfair Drive, North Chesterfield, Virginia 23234, United States
Apr 18, 2025, 02:00 PM			1	1			A shared-use path is needed to cross the Appomattox River. This is shown as part of the East Coast Greenway route as well as a component of Chesterfield County's Bikeways & Trails Plan.	1									21820 Pickett Avenue, South Chesterfield, Virginia 23803, United States
Apr 18, 2025, 01:58 PM			1	1			A shared-use path is needed along the James River. This is shown on numerous plans and maps as an extension of the James River Trail. There are areas in Tarrington where the trail can use existing roads and common areas within the neighborhood. This would take cyclists off of Huguenot and Robious Roads, which are dangerous to bike along.	1									3830 Old Gun Road West, Midlothian, Virginia 23113, United States
Apr 18, 2025, 01:56 PM	1		1	1	1		Need to widen River Road to 4 lanes from the south side of the James to where Cary Street becomes 4 lanes. This road is congested and dangerous almost all day every day. Only a few homes stand in the way of a facility that will benefit a few hundred thousand people. A shared-use path should be included alongside as well.	1									5951 River Road, Richmond, Virginia 23226, United States
Apr 18, 2025, 01:40 PM			1	1			Need a crosswalk and pedestrian signal at Coalfield Road and Route 60. This is supported by Chesterfield County's Midlothian Community Special Area Plan.	1									13601 Midlothian Turnpike, Midlothian, Virginia 23113, United States
Apr 18, 2025, 01:39 PM			1	1			Need a crosswalk and pedestrian signal at Grove Hill Road and Route 60. This is supported by Chesterfield County's Midlothian Community Special Area Plan.	1									Grove Hill Road, Midlothian, Virginia 23114, United States
Apr 18, 2025, 01:31 PM	1		1	1			Extend Harpers Mill Parkway east across stream. Developer of this area isn't on the hook to build it.							1			Harpers Mill Parkway, Chesterfield, Virginia 23832, United States
Apr 18, 2025, 12:10 PM			1	1			A shared-use path is needed to complete the connection between the path along Austin Woods and the Irongate Village Shopping Center. It is unsafe for pedestrians and cyclists to be alongside this segment of Route 10, especially with the curve here. Lots of residents walk this stretch to get to the shopping center thus it would be heavily used.	1									6555 Iron Bridge Road, North Chesterfield, Virginia 23234, United States
Apr 18, 2025, 12:07 PM			1	1			A shared-use path is needed to make a complete connection along Ironbridge Boulevard. Multiple segments of paths were recently built but gaps exist along Old Wrexham and Ironbridge Boulevard.	1									10401 Old Wrexham Road, Chesterfield, Virginia 23832, United States
Apr 18, 2025, 12:05 PM			1	1			A bridge is needed across the creek here. Shared-use paths are located on both sides along Woodpecker Road however the developer was not forced to build the connection. This is part of the proposed East Coast Greenway, per Chesterfield County's Bikeways & Trails Plan.	1									8199 Woodpecker Road, Chesterfield, Virginia 23838, United States

Apr 18, 2025, 12:02 PM				1	1	The Petersburg Amtrak Station should be replaced and upgraded to serve multiple forms of transit as well as future high-speed rail. Chesterfield County's Ettrick VSU Special Area Plan supports such upgrades.	1										20468 Laurel Road, South Chesterfield, Virginia 23803, United States
Apr 18, 2025, 12:00 PM			1	1		A shared-use path is needed along River Road, especially crossing the railroad tracks. Chesterfield County's Ettrick VSU Special Area Plan supports this route.	1										20810 Chesterfield Avenue, South Chesterfield, Virginia 23803, United States
Apr 18, 2025, 12:00 PM			1	1		A streetscape project to include wide sidewalks and a cycle track is needed along Chesterfield Avenue. Chesterfield County's Ettrick VSU Special Area Plan supports these improvements.	1										21303 Chesterfield Avenue, South Chesterfield, Virginia 23803, United States
Apr 18, 2025, 11:59 AM			1	1		A shared-use path is needed along the Appomattox River. Chesterfield County's Ettrick VSU Special Area Plan supports this route.	1										3403 Main Street, South Chesterfield, Virginia 23803, United States
Apr 18, 2025, 11:58 AM			1	1		The new Powhite Parkway extension needs to have a shared-use path alongside the road from Charter Colony Parkway to Route 360. This has been done on many limited access highways across the country including Route 200 in Maryland. Powhite should be a true "parkway" in that sense, not just another expressway.	1										2230 Old Hundred Road, Midlothian, Virginia 23112, United States
Apr 18, 2025, 11:55 AM			1	1		Need a shared-use path crossing of the reservoir alongside Route 360. The sidewalk is unsafe and too close to the travel lanes on 360.	1										14600 Hull Street Road, Midlothian, Virginia 23112, United States
Apr 18, 2025, 11:53 AM			1	1		Need to find a way to connect neighborhoods separated by creek. You must go miles out of the way to walk or bike between Midlothian Village and Lucks Lane.	1										140 Avebury Drive, North Chesterfield, Virginia 23236, United States
Apr 18, 2025, 11:51 AM			1	1		Unbuffered bike lanes along Robious need to be replaced by a shared-use path. The "bike accommodations" are unsafe and won't be used by inexperienced cyclists as cars whiz by at 60 mph.	1										Robious Road, Midlothian, Virginia 23235, United States
Apr 18, 2025, 11:49 AM	1					Turner Road needs to be extended to Cogbill Road. The developer of Jessup Meadows was not forced to build the road so it will never be built without public funds.	1										5506 Jessup Meadows Court, North Chesterfield, Virginia 23234, United States
Apr 18, 2025, 11:48 AM	1		1	1		Eastern extension of Genito Road to Jacobs Road Elementary School is needed. This route needs a shared-use path alongside as well to better connect the area.	1										9210 Burnette Road, Chesterfield, Virginia 23832, United States
Apr 18, 2025, 11:46 AM			1	1		Need a shared-use path between Route 360 and Pocahontas Park. This would more safely connect neighborhoods, schools and parks as well as the county complex.	1										12100 Erika Marie Court, Chesterfield, Virginia 23112, United States
Apr 18, 2025, 11:40 AM			1	1		Add bike lanes and sidewalks along Westfield Road. This is recommended in Chesterfield County's Midlothian Community Special Area Plan.	1										13918 Westfield Road, Midlothian, Virginia 23113, United States
Apr 18, 2025, 11:36 AM			1	1		Construct shared-use path along powerline easement. This route is recommended in Chesterfield County's Midlothian Community Special Area Plan.	1										12940 Crescent Green, Midlothian, Virginia 23114, United States
Apr 18, 2025, 11:35 AM			1	1		Construct shared-use path along Old Otterdale Road between new Charter Colony West development and Route 60. This route is recommended in Chesterfield County's Midlothian Community Special Area Plan.	1										217 Old Otterdale Road, Midlothian, Virginia 23114, United States
Apr 18, 2025, 11:33 AM			1	1		Add shared-use path alongside Charter Park Drive to connect to new path being constructed with new Charter Colony West development. This route is shown on Chesterfield County's Midlothian Community Special Area Plan.	1										14251 Charter Park Drive, Midlothian, Virginia 23114, United States
Apr 18, 2025, 11:31 AM			1	1		Build bike/pedestrian bridge parallel to Genito Road. Chesterfield County shows a route here on its Bikeways & Trails Plan.	1										14600 Genito Road, Midlothian, Virginia 23112, United States
Apr 18, 2025, 11:31 AM			1	1		Build bike/pedestrian bridge parallel to Genito Road. Chesterfield County shows a route here on its Bikeways & Trails Plan.	1										15201 Genito Road, Midlothian, Virginia 23112, United States
Apr 18, 2025, 11:30 AM			1	1		Construct a shared-use path alongside Charter Colony Parkway as shown on Chesterfield County's Midlothian Community Special Area Plan.	1										Charles a Ransom Way, Midlothian, Virginia 23114, United States
Apr 18, 2025, 11:29 AM			1	1		Construct a shared-use path alongside south side of Route 60. This area has no sidewalks or trails connecting Midlothian Village to Chesterfield Towne Center.	1										12734 Midlothian Turnpike, Midlothian, Virginia 23113, United States
Apr 18, 2025, 11:27 AM			1	1		Convert unbuffered bike lanes on Woolridge Road to shared-use path. This would increase safety and the number of users comfortable with riding along Woolridge.	1										13600 North Woolridge Road, Midlothian, Virginia 23114, United States
Apr 18, 2025, 11:26 AM			1	1		Convert bike lanes to shared-use path. Charter Colony Parkway is shown on Chesterfield County's Bikeways & Trails Plan.	1										14425 Camack Trail, Midlothian, Virginia 23114, United States
Apr 18, 2025, 11:25 AM			1	1		Construct shared-use path alongside south side of Route 60 as proposed by Chesterfield County's Midlothian Community Special Area Plan.	1										14330 Midlothian Turnpike, Midlothian, Virginia 23113, United States
Apr 18, 2025, 11:24 AM			1	1		Construct a shared-use path under Route 288 as proposed in Chesterfield County's Bikeways & Trails Plan and Midlothian Community Special Area Plan. Segments already exist along a portion of this route in Watkins Centre.	1										World War II Veterans Memorial Highway, Midlothian, Virginia 23114, United States
Apr 18, 2025, 11:22 AM			1	1		Construct a shared-use path between Robious Road and Route 60 through Salisbury. There is no way to walk or bike in this area. Bike Route 1 runs through the area and Chesterfield County has a planned route on their Bikeways & Trails Plan.	1										13651 West Salisbury Road, Midlothian, Virginia 23113, United States
Apr 18, 2025, 11:21 AM			1	1		Build new bike/pedestrian bridge over reservoir alongside Woolridge Road. Chesterfield County shows such a route on their Bikeways & Trails Plan.	1										4354 Woolridge Road, Midlothian, Virginia 23112, United States
Apr 18, 2025, 11:19 AM			1	1		Add shared-use path between Chesterfield County Government Complex and Pocahontas Park via new Nash Road extension and alongside Swift Creek.	1										Nash Road, Chesterfield, Virginia 23838, United States
Apr 18, 2025, 11:18 AM			1	1		Create greenway with Shared-use path along Pocosham Creek as proposed by Chesterfield County's Eastern Route 60 Corridor Plan.	1										700 Turner Road, North Chesterfield, Virginia 23225, United States
Apr 18, 2025, 11:16 AM			1	1		Create greenway with shared-use path between Buford Road through Gateway Centre to Route 60 as proposed by Chesterfield County's Eastern Route 60 Corridor Plan. An unpaved path already exists along a portion of this route near Mayflower Drive and Shasta Road.	1										8361 Mayflower Drive, North Chesterfield, Virginia 23235, United States
Apr 18, 2025, 11:14 AM					1	Need public transit route along Route 360!	1										10030 Hull Street Road, North Chesterfield, Virginia 23236, United States
Apr 18, 2025, 11:14 AM			1	1		Need east/west bike & pedestrian facilities between Kingsland Road and Cogbill Road, as supported by Chesterfield County's Northern Route 10 Corridor Plan.	1										7401 Iron Bridge Road, North Chesterfield, Virginia 23237, United States
Apr 18, 2025, 11:12 AM			1	1		Need crosswalks at all major intersections along Route 10 between Jessup Road and Route 288. This is supported by Chesterfield County's proposed Northern Route 10 Corridor Plan.	1										6015 Iron Bridge Road, North Chesterfield, Virginia 23234, United States
Apr 18, 2025, 11:10 AM			1	1		Need a crosswalk at Burnt Oak Drive and Route 10. Chesterfield County's Ridgedale Special Focus Area Plan supports this.	1										4700 Royal Oak Drive, North Chesterfield, Virginia 23234, United States
Apr 18, 2025, 11:09 AM			1	1		Need a crosswalk at Jessup Road and Route 10. Chesterfield County's Ridgedale Special Focus Area Plan supports this.	1										5007 Jessup Road, North Chesterfield, Virginia 23234, United States
Apr 18, 2025, 11:09 AM			1	1		Need a crosswalk at Ridgedale Parkway and Route 10. Chesterfield County's Ridgedale Special Focus Area Plan supports this.	1										5255 Iron Bridge Road, North Chesterfield, Virginia 23234, United States
Apr 18, 2025, 11:08 AM			1	1		Need to replace all unbuffered bike lanes ("bike accommodations") along Route 10 with a shared-use path. Chesterfield County's Ridgedale Special Focus Area Plan and proposed Northern Route 10 Corridor Plan support this.	1										5325 Iron Bridge Road, North Chesterfield, Virginia 23234, United States
Apr 18, 2025, 11:07 AM			1	1		Need a shared-use between Stratton Park and Zion Hill Church Road, where a trail currently exists through the Jessup Meadows neighborhood. This is part of the East Coast Greenway.	1										5130 Ronson Road, North Chesterfield, Virginia 23234, United States
Apr 18, 2025, 11:04 AM			1	1		Need a shared-use path crossing of Route 10 as part of the East Coast Greenway. Chesterfield County shows options on their Ridgedale Special Focus Area Plan.	1										Chippenham Parkway, North Chesterfield, Virginia 23225, United States
Apr 18, 2025, 11:04 AM			1	1		Need a shared-use path crossing of Falling Creek as part of the East Coast Greenway. Chesterfield County shows options on their Ridgedale Special Focus Area Plan.	1										4501 Iron Bridge Road, North Chesterfield, Virginia 23234, United States

Apr 18, 2025, 11:01 AM			1	1					Need a shared-use path along Route 1 through Route 1/288 interchange. Multiple shared-use path segments exist along Route 1 and need to connect north to the future Fall Line Trail.	1									10737 Virginia Highway 1, North Chesterfield, Virginia 23237, United States
Apr 18, 2025, 10:59 AM			1	1					Provide bike/pedestrian connection between Jolly Lane and Route 1 through Lowe's Athletic Complex. This is on Chesterfield County's Bikeways & Trails Plan. Chesterfield County is building a portion within the park however additional funds are needed to connect it to Route 1 and Jolly Lane.	1									2690 Placid Avenue, Chester, Virginia 23831, United States
Apr 18, 2025, 10:57 AM			1	1					Complete Fall Line Trail between Chester Road and Route 10. This is proposed by Chesterfield County's Bikeways & Trails Plan.	1									11207 Great Branch Drive, Chester, Virginia 23831, United States
Apr 18, 2025, 10:55 AM									Add traffic signal and crosswalk for sports complex. This is proposed by Chesterfield County's Genito/288 Special Focus Area Plan.	1									12944 Genito Road, Midlothian, Virginia 23002, United States
Apr 18, 2025, 10:54 AM			1	1					Add crosswalk here if racetrack is upgraded or redeveloped. This is proposed by Chesterfield County's Genito/288 Special Focus Area Plan.	1									12910 Genito Road, Midlothian, Virginia 23112, United States
Apr 18, 2025, 10:52 AM					1	1			Add crosswalk here!	1									12800 Genito Road, Midlothian, Virginia 23112, United States
Apr 18, 2025, 10:50 AM	1								Need a partial interchange at Genito and 288 to accommodate all the additional traffic generated from the Lake development, sports complex and future race track activity.	1									Genito Road, Midlothian, Virginia 23002, United States
Apr 18, 2025, 10:45 AM			1	1					Need a bike/pedestrian connection between Oak Lake and Providence Road. This will allow safe bike and pedestrian connectivity between multiple neighborhoods and the county sports complex.	1									1700 Creek Bottom Way, North Chesterfield, Virginia 23236, United States
Apr 18, 2025, 10:42 AM			1	1					Need a shared-use path alongside Huguenot Road between Chippenham Parkway and Cranbeck Road. Chesterfield County has a Bikeways and Trails route showing this.	1									9201 West Huguenot Road, North Chesterfield, Virginia 23235, United States
Apr 18, 2025, 10:40 AM			1	1					Need a shared-use path alongside Jahnke Road under Routes 150 and 76.	1									7382 Jahnke Road, North Chesterfield, Virginia 23225, United States
Apr 18, 2025, 10:37 AM			1	1					Need bike and pedestrian improvements along Boulders Parkway. Very few bike paths or sidewalks exist.	1									1000 Boulders Parkway, North Chesterfield, Virginia 23225, United States
Apr 18, 2025, 10:35 AM			1	1					Need a crosswalk here!	1									7497 Midlothian Turnpike, North Chesterfield, Virginia 23225, United States
Apr 18, 2025, 10:35 AM			1	1					Need a crosswalk here!	1									50 Turner Road, North Chesterfield, Virginia 23225, United States
Apr 18, 2025, 10:34 AM			1	1					Need a crosswalk here!	1									7732 Midlothian Turnpike, North Chesterfield, Virginia 23235, United States
Apr 18, 2025, 10:34 AM			1	1					Need a crosswalk here!	1									8130 Midlothian Turnpike, North Chesterfield, Virginia 23235, United States
Apr 18, 2025, 10:33 AM			1	1					Need a crosswalk here!	1									8301 Midlothian Turnpike, North Chesterfield, Virginia 23235, United States
Apr 18, 2025, 10:33 AM			1	1					Need a crosswalk here!	1									8605 Midlothian Turnpike, North Chesterfield, Virginia 23235, United States
Apr 18, 2025, 10:33 AM			1	1					Need a crosswalk here!	1									9220 Midlothian Turnpike, North Chesterfield, Virginia 23235, United States
Apr 18, 2025, 10:32 AM			1	1					Need a crosswalk here!	1									Moorefield Park Drive, North Chesterfield, Virginia 23236, United States
Apr 18, 2025, 10:32 AM			1	1					Need a crosswalk here!	1									9990 Robious Road, North Chesterfield, Virginia 23235, United States
Apr 18, 2025, 10:31 AM			1	1					Need a crosswalk here!	1									9125 Midlothian Turnpike, North Chesterfield, Virginia 23235, United States
Apr 18, 2025, 10:29 AM			1	1					The unbuffered bike lanes ("bike accommodations") should be replaced with a shared-use path. Only the most experienced cyclists feel safe using the lanes today.	1									10257 Robious Road, North Chesterfield, Virginia 23235, United States
Apr 18, 2025, 10:27 AM			1	1					A shared-use path is needed along Old Bon Air Road between Route 60 and Buford Road. This road does not currently allow safe passage of cyclists or pedestrians.	1									1151 Old Bon Air Road, North Chesterfield, Virginia 23235, United States
Apr 18, 2025, 10:26 AM			1	1					A shared-use path is needed along the south side of Route 60. Multiple potential routes are available including the former 1800s Chesterfield Railroad bed where a culverted crossing of Pochosock Creek exists. This is proposed by Chesterfield County's Eastern Route 60 Corridor Plan, which is currently being drafted.	1									814 Roehampton Court, North Chesterfield, Virginia 23236, United States
Apr 18, 2025, 10:23 AM			1	1					A shared-use path is needed alongside Arch Road. This can also be part of a larger low-cost and shorter-term alternative bypass route as opposed to a shared-use path through the Route 60/76 interchange by using Arch Road, Redbridge Road and Wadsworth Drive. This is proposed by Chesterfield County's Eastern Route 60 Corridor Plan, which is currently being drafted.	1									220 North Arch Road, North Chesterfield, Virginia 23236, United States
Apr 18, 2025, 10:21 AM			1	1					Need a shared-use path crossing over Powhite Parkway either on a separate structure, or within the median of Route 60. You cannot cross the Route 60/76 interchange safely today. This is proposed by Chesterfield County's Eastern Route 60 Corridor Plan, which is currently being drafted.	1									Powhite Parkway, North Chesterfield, Virginia 23225, United States
Apr 18, 2025, 10:19 AM			1	1					A shared-use path is needed alongside or parallel to Route 60. Chesterfield County's proposed Eastern Route 60 Corridor Plan has multiple options for parallel path networks here in order to move cyclists and pedestrians from east to west safely, and with separation from the busy Route 60 travel lanes.	1									8001 Midlothian Turnpike, North Chesterfield, Virginia 23235, United States
Apr 18, 2025, 10:18 AM			1	1					A bike/pedestrian bridge is needed over Route 60, between Springline and Stonebridge. Chesterfield County's Bikeways and Trails Plan shows a route crossing Route 60 in the vicinity and the proposed Eastern Route 60 Corridor Plan, currently being drafted, specifies a grade-separated crossing here. This is an extremely unsafe area to cross the road. Additional residential development here will increase the number of citizens who want to safely cross between the two sides of Route 60 without a car. This is one of the region's most necessary crossings!	1									7202 Midlothian Turnpike, North Chesterfield, Virginia 23225, United States
Apr 18, 2025, 10:14 AM			1	1					Need a shared-use path alongside Buford Road between Route 60 and Huguenot Road through Bon Air. This road connects numerous neighborhoods and has no sidewalks or bike infrastructure until you get into Bon Air. This is an unsafe roadway to walk or bike on or along. There appears to be plenty of pace to cross under Powhite Parkway.	1									411 Buford Road, North Chesterfield, Virginia 23235, United States
Apr 18, 2025, 10:12 AM	1		1	1	1				Need a bridge across Chippenham Parkway to connect developing areas around Stonebridge to Richmond. This would provide a safer bypass route for vehicles, cyclists and pedestrians around the busy and dangerous Route 60/150 interchange. Richmond shows this connection in the Richmond 300 Plan, and has shown it on previous long-range plans. Chesterfield County is proposing this connection in the Eastern Route 60 Corridor Plan which is currently being drafted.	1									Chippenham Parkway, North Chesterfield, Virginia 23225, United States
Apr 18, 2025, 10:07 AM			1	1					Need a sidewalk/shared-use path along W. Providence Road to connect Courthouse Road, Providence Elementary School and surrounding neighborhoods. It is unsafe to walk or bike in this area.	1									10740 West Providence Road, North Chesterfield, Virginia 23236, United States
Apr 18, 2025, 10:05 AM			1	1					Need a shared-use path/bridge over 288 here. This will more safely connect the county sports complex with The Lake development, currently under construction as well as Brandermill and other communities.	1									12952 Genito Road, Midlothian, Virginia 23002, United States
Apr 18, 2025, 10:04 AM			1	1					Shared-use path needed along Courthouse Road. Existing "bike accommodations" (unbuffered bike lanes) are not safe for anyone other than the most experience cyclist, thus they don't serve the majority of cyclists or pedestrians.	1									3801 Courthouse Road, Chesterfield, Virginia 23832, United States
Apr 18, 2025, 09:59 AM			1	1					Need a connector between these two large apartment/townhome communities. This would provide safer access between neighborhoods and towards commercial areas on Belmont and Turner Roads. This would also increase safety as the woods in this area attract criminal activity. A public project with increased surveillance of the area will improve the situation.	1									3302 Tanners Way, North Chesterfield, Virginia 23224, United States
Apr 18, 2025, 09:56 AM			1	1					Shared-use path along south side of Route 360 - bridge is needed to cross Falling Creek in order to continue the path towards the City of Richmond and Manchester High Middle School. This is recommended by Chesterfield County's Bikeways & Trails Plan. This route needs public funds as a developer will not be on the hook to provide the bridge.	1									9210 Hull Street Road, North Chesterfield, Virginia 23236, United States

Time	Category	Priority	Location	Description	Impact	Notes	Address
Apr 18, 2025, 09:54 AM	1	1		Bike/pedestrian bridge across Gregory's Pond from Loch Braemar neighborhood to Rockwood Park. Currently, multiple neighborhoods are separated from Rockwood Park by this lake/Falling Creek. This would provide a safe connection for children to the park. Currently, you must drive up to 2.5 miles from nearby neighborhoods to Rockwood Park. Walking is not an option today. This is recommended by Chesterfield County's Rockwood Special Focus Area Plan.	1		2504 Stouts Lane, North Chesterfield, Virginia 23236, United States
Apr 18, 2025, 09:52 AM	1	1		Horne's Run Trail between Price Club Boulevard and development to east. A developer is building a segment from Courthouse Road to the western site boundary, however a nearly 400' gap will remain on the A.M. Davis property once that development is complete. This will complete a trail from Price Club Boulevard to Courthouse Road, providing a safer bypass of Route 360 and Courthouse Road. This is recommended by Chesterfield County's Rockwood Special Focus Area Plan.	1		3703 Price Club Boulevard, Midlothian, Virginia 23112, United States
Apr 18, 2025, 09:50 AM	1	1		Horne's Run Trail between Calais Road and Oxbridge Road. A much-needed trail connection between larger subdivisions and commercial areas around 360 and Courthouse Road. This would also help get cyclists and pedestrians to Rockwood Park more safely and bypass any potential facility directly along the busy Route 360. This is recommended by Chesterfield County's Rockwood Special Focus Area Plan. A developer has provided an easement to the county for this trail but did not commit to building the trail.	1		9801 Oxbridge Place, North Chesterfield, Virginia 23236, United States
Apr 18, 2025, 09:46 AM	1	1		Trail along Horne's Run between Courthouse Road and Oxbridge Road. The trail would create a safe bypass route for cyclists, pedestrians and others instead of a facility directly adjacent to the busy Route 360. It would also avoid the major Route 360/Courthouse Road intersection. This is recommended by Chesterfield County's Rockwood Special Focus Area Plan.	1		10010 Dunraven Court, Chesterfield, Virginia 23236, United States
Apr 18, 2025, 09:43 AM	1	1	1	New Rockwood Park access road with shared-use path alongside. Currently, you cannot access Route 360 from Rockwood Park as the entrance is a one-way facility. Full access from the existing traffic signal at Route 360 and Oxbridge Road would allow easier and safer access to this major regional park facility. This is recommended by Chesterfield County's Rockwood Special Focus Area Plan.		1	3600 Oxbridge Road, North Chesterfield, Virginia 23236, United States
Apr 14, 2025, 04:20 PM	1	1	1	Unsafe intersection for cars, bikes, and peds. A roundabout would be a great solution and include shared use path/sidewalk for bike/peds to navigate through.	1		14100 Beach Road, Chesterfield, Virginia 23838, United States
Apr 14, 2025, 04:19 PM	1	1	1	Unsafe intersection for cars, bikes, and peds. A roundabout with shared use path/sidewalk would be a great solution to improve safety.	1		7400 Woodpecker Road, Chesterfield, Virginia 23838, United States
Apr 14, 2025, 04:17 PM	1	1	1	Unsafe intersection for cars, bikes, and peds. A roundabout would be a safe alternative with shared use path/sidewalk for bike/ped accessibility. This intersection is unsafe for cars and bikes/pedestrians. A roundabout would be a big improvement. Including shared use path/sidewalk for bicyclists and pedestrians would improve safety.	1		21501 Pickett Avenue, South Chesterfield, Virginia 23803, United States
Apr 14, 2025, 04:02 PM	1		1	This intersection is unsafe for cars and bikes/peds. A roundabout would be a great solution here to improve safety. It is also difficult for bikes/peds to navigate this intersection. Shared use path/sidewalk would help.	1		8150 Cogbill Road, Chesterfield, Virginia 23832, United States
Apr 14, 2025, 03:54 PM	1	1	1	less late night + weekend busses probably in general #5 is one i use a lot		1	4925 Kingsland Road, North Chesterfield, Virginia 23237, United States

Apr 07, 2025, 10:16 AM						1	there is no GRTC route on Staples Mill RD and Hungry Spring RD											3010 Hungary Spring Road, Henrico, Virginia 23228, United States
Apr 07, 2025, 10:15 AM						1	there is not enough light and minimal sidewalks on brooks rd, Hillard rd, Parham rd, UNSAFE	1										1207 Hilliard Road, Henrico, Virginia 23228, United States
Apr 07, 2025, 10:08 AM						1	good route / time on broad /shortpump											1240 Broad Street Road, Olville, Virginia 23129, United States
Apr 07, 2025, 10:04 AM						1	Bus stop and sidewalk near GRTC Bus stop on Brook Road is great!											3406 Brook Road, Richmond, Virginia 23227, United States
Apr 07, 2025, 10:03 AM	1				1	1	Hull St is SO dangerous at night! I don't see night sidewalk and bus stop by GRTC											3310 Hull Street, Richmond, Virginia 23224, United States
Apr 07, 2025, 09:48 AM						1	Regional - Crosswalks are clearly marked in places where they are.											2688 Scotts Bottom Rd, Powhatan, Virginia 23139, United States
Apr 07, 2025, 09:47 AM						1	Sidewalks are SUPER uneven! I have sprained my ankle!											2688 Scotts Bottom Rd, Powhatan, Virginia 23139, United States
Apr 07, 2025, 09:47 AM						1	Regional - Bus signs are too high and hard to read for people who are deaf/blind											2688 Scotts Bottom Rd, Powhatan, Virginia 23139, United States
Apr 07, 2025, 09:32 AM						1	amtrak signage needs to be in order of when the trains leave											7400 Panko Road, Henrico, Virginia 23228, United States
Apr 07, 2025, 09:30 AM	1						there have been at least two fatalities here and there are two deaf residents	1										12010 Lucks Lane, North Chesterfield, Virginia 23114, United States
Apr 02, 2025, 04:19 PM	1						the arthur ashe entrance onto the expressway has an extremely short merge lane that is unsafe during morning rush hour	1										Downtown Expressway, Richmond, Virginia 23219, United States
Apr 02, 2025, 04:14 PM	1						It is very dangerous to turn onto Main from the smaller side streets given how fast the cars are going	1										1319 West Main Street, Richmond, Virginia 23220, United States
Apr 02, 2025, 04:09 PM						1	Continuation of needed route connecting richmond city to henrico via 9mile. Extremely dangerous to ride bike on.											3826 Nine Mile Road, Richmond, Virginia 23223, United States
Apr 02, 2025, 04:08 PM	1					1	This needs to be a stop light or 4-way stop. I always try to avoid this intersection in particular as it is so dangerous with no sight lines.	1										2600 Kensington Avenue, Richmond, Virginia 23220, United States
Apr 02, 2025, 04:07 PM						1	This region of 9mile is extremely dangerous to ride bikes on with no shoulder, fast moving traffic and no or crumbling sidewalk. This is one of the only through ways connecting Eastern henrico to Richmond city via bike.											3618 Nine Mile Road, Richmond, Virginia 23223, United States
Apr 02, 2025, 04:05 PM						1	Biking along 9 mile to connect with businesses east of here becomes increasingly hazardous here. The bike lane ends suddenly with 64 on/off ramps and fast moving traffic. Sidewalks are trashed and in need of repair. Continuing the bike lane from Church hill down 9mile would connect two regions.											3508 Nine Mile Road, Richmond, Virginia 23223, United States
Apr 02, 2025, 04:03 PM	1					1	the lack of all-way stops in Scott's Addition (especially on Roseneath) make it very unsafe and unpleasant to drive/walk/bike in this area	1										1311 Roseneath Road, Richmond, Virginia 23230, United States
Apr 02, 2025, 04:01 PM						1	Unmarked crosswalk but there is a crosswalk signal. A crosswalk should be painted here!											1001 East Byrd Street, Richmond, Virginia 23219, United States
Apr 02, 2025, 04:00 PM	1						The merge off of the expressway and onto Thompson is very dangerous given how fast cars drive on Thompson. If there were speed tables or an all-way stop at this intersection that would be a huge improvement.	1										301 North Thompson Street, Richmond, Virginia 23221, United States
Apr 02, 2025, 03:59 PM	1					1	Cars come down Byrd St or off the expressway extremely fast without regard for pedestrians, making it very difficult to cross the road!	1										601 East Byrd Street, Richmond, Virginia 23219, United States
Mar 31, 2025, 12:36 PM	1						Cars frequently speed down Idlewood at speeds higher than 35 miles per hour	1										1501 Idlewood Avenue, Richmond, Virginia 23220, United States
Mar 31, 2025, 11:20 AM	1					1	It feels unsafe to bike into Jackson Ward/ Downtown from the Northside because of the highway exit and lack of dedicated bike infrastructure	1										1001 Chamberlayne Avenue, Richmond, Virginia 23220, United States
Mar 31, 2025, 11:17 AM	1					1	I'd love to see a road diet on Laburnum. Rather than removing the median, we could reduce it to one lane and add bike lanes AND parking using the space provided by removing the travel lane + the existing shoulder. It would also reduce the crossing distance for pedestrians going to the elementary school or elsewhere.											
Mar 31, 2025, 11:14 AM						1	It would be so great to see the protopath extended to connect into the diamond district using a dedicated path (rather than having to connect into existing sidewalk) Traveling under 04/25 on Hermitage is very dangerous for non-car traffic. The solution needs to be a reallocation of space under the bridge. My fear is that the future will just be a crosswalk across a highway exit.											1621 West Laburnum Avenue, Richmond, Virginia 23227, United States
Mar 31, 2025, 11:10 AM	1					1	It is very difficult to cross Arthur Ashe/ Hermitage. There are not even any pedestrian signals nor painted crosswalks on the north side of the intersection. Accessing the bus stop is very difficult due to the crossing.											2730 West Leigh Street, Richmond, Virginia 23230, United States
Mar 31, 2025, 11:07 AM						1	No marked pedestrian crossings except on one street. Curb cuts also don't exist for both directions at the corners. The median stops are confusing and feel unsafe.	1										3101 Hermitage Road, Richmond, Virginia 23230, United States
Mar 30, 2025, 06:16 PM						1	Ppl get very confused by this intersection, they stop at lights they aren't supposed to, and create unnecessary congestion and confusion.											1612 Brookland Parkway, Richmond, Virginia 23227, United States
Mar 29, 2025, 03:07 PM						1	There has no GTRC on Brook and 250 route at the VCC.	1										1201 Staples Mill Road, Richmond, Virginia 23230, United States
Mar 29, 2025, 03:02 PM	1					1	460E improved divided 4 lanes											3022 West Broad Street, Richmond, Virginia 23230, United States

Mar 25, 2025, 03:19 PM						1	1		pedestrian connects near JRT high school need to be MASSIVELY improved										2910 North Parham Road, Henrico, Virginia 23294, United States
Mar 25, 2025, 03:13 PM						1	1		add a trail that connects cville to fall line trail										3664 River Road West, Columbia, Virginia 23063, United States

Mar 25, 2025, 03:09 PM			1	1				Add a court house to court house trail! Between New Kent and Charles City						1				11200 John Tyler Memorial Highway, Charles City, Virginia 23030, United States
Mar 25, 2025, 03:05 PM	1							this entire area is a MESS the merge lanes are WAY too short and need to be continued. FIND THE FUNDING						1				I 64, Richmond, Virginia 23233, United States
Mar 25, 2025, 03:04 PM	1							Huge traffic safety issue! pump road from ridgefield to gayton needs a MAJOR road diet four lanes at godwin hs needs to be reduced to 2!						1				2044 Pump Road, Henrico, Virginia 23238, United States
Mar 25, 2025, 02:57 PM					1			hard to make connections between larger retail and medical on the county city lines										Powhite Parkway, Richmond, Virginia 23225, United States
Mar 25, 2025, 02:56 PM					1			we need grtc and PAT to be more interconnected and understand the cooperation needed				1						Powhite Parkway, Richmond, Virginia 23225, United States
Mar 25, 2025, 02:55 PM					1			we need connections that go north and south! 20 could be so greatly improved				1						3911 Douglassdale Road, Richmond, Virginia 23221, United States
Mar 25, 2025, 02:54 PM					1	1		no bike lanes to get here no transit! how am i supposed to get here without a car??				1						7400 Ranco Road, Henrico, Virginia 23228, United States
Mar 25, 2025, 02:53 PM					1			busses are difficult to use with long headways				1						998 Old Locke Lane, Richmond, Virginia 23226, United States
Mar 25, 2025, 02:51 PM			1	1				sidewalk in Bon Air + shared use path by the library activates the area and connects people				1						2025 Buford Road, North Chesterfield, Virginia 23235, United States
Mar 25, 2025, 02:50 PM	1							slower speed limit 25mph has made this area safer!				1						1009 Bainbridge Street, Richmond, Virginia 23224, United States
Mar 25, 2025, 02:48 PM	1							roundabouts @ courthouse rd + gov center pkwy control traffic + will accommodate increased traffic as this area changes				1						6900 Mimms Drive, Chesterfield, Virginia 23832, United States
Mar 25, 2025, 02:46 PM			1					people bike all the time on beach road but cars dont share the road =(would be great to see a bike lane or a shared use path				1						9001 Beach Road, Chesterfield, Virginia 23838, United States
Mar 25, 2025, 02:41 PM			1					people use the bike lanes on route 10 in cfield! we need them to be protected!				1						8121 Iron Bridge Road, North Chesterfield, Virginia 23237, United States
Mar 25, 2025, 02:35 PM	1			1				cars stop on pedestrian path only on pedestrian sign on the road				1						9 Richmond Highway, Richmond, Virginia 23224, United States
Mar 25, 2025, 02:30 PM					1			regionwide add smaller bus connectors from through fairs				1						9250 Deer Run Road, Mechanicsville, Virginia 23116, United States
Mar 25, 2025, 02:29 PM					1			extend bus line to - 295				1						Korean War Veterans Memorial Highway, Richmond, Virginia 23231, United States
Mar 25, 2025, 02:26 PM					1			I love the free pulse				1						910 North Arthur Ashe Boulevard, Richmond, Virginia 23230, United States
Mar 25, 2025, 02:26 PM	1							the speed bumps have been great				1						2032 Park Avenue, Richmond, Virginia 23220, United States
Mar 25, 2025, 02:25 PM	1		1	1				We need four way stops for the fan and museum district				1						2609 Hanover Avenue, Richmond, Virginia 23220, United States
Mar 25, 2025, 02:24 PM					1			We need more frequent bus service				1						Boulevard Bridge, Richmond, Virginia 23225, United States
Mar 25, 2025, 02:23 PM						1		WE NEED RAIL				1						2000 Texas Avenue, Richmond, Virginia 23220, United States
Mar 25, 2025, 02:21 PM					1			need williamsburg transit stop in eastern end of new kent (lexana area)				1						15500 Pocahontas Trail, Lanexa, Virginia 23089, United States
Mar 25, 2025, 01:56 PM					1			there should be a grtc stop in bottoms bridge (western part of New Kent)				1						2245 Pocahontas Trail, Quinton, Virginia 23141, United States
Mar 25, 2025, 01:54 PM						1		there is no reason that high speed rail should be here				1						9100 Pocahontas Trail, Providence Forge, Virginia 23140, United States
Mar 25, 2025, 01:53 PM	1		1	1				awful sight lines in this area but i do love the floyd bike lanes				1						3143 Floyd Avenue, Richmond, Virginia 23221, United States
Mar 25, 2025, 01:52 PM			1	1				one of the worst intersections in the area for pedestrians . drivers have been making two lanes of traffic on n harrison creating a desire to make a right turn lane even though there is only one lane N Harrison and Broad				1						1110 West Broad Street, Richmond, Virginia 23220, United States
Mar 25, 2025, 01:49 PM	1							love the new roundabouts				1						2208 Mountain Road, Glen Allen, Virginia 23060, United States
Mar 25, 2025, 01:48 PM					1			bus routes add to brooke rd				1						1410 Davis Avenue, Glen Allen, Virginia 23060, United States
Mar 25, 2025, 01:48 PM			1	1				there are no sidewalks/pedestrian access w new extended routes - SO UNSAFE				1						10221 Berrymeade Court, Glen Allen, Virginia 23060, United States
Mar 25, 2025, 01:46 PM	1							way too much speed on this thru st				1						7733 Pocoshock Way, North Chesterfield, Virginia 23235, United States
Mar 25, 2025, 01:39 PM	1		1	1	1			Speeding on this road is SO dangerous for pedestrians and drivers				1						3701 Dunston Avenue, Richmond, Virginia 23225, United States
Mar 25, 2025, 01:32 PM	1							include more temporary traffic circles in residential areas with lots of pedestrians and near miss potentials and then transform into permanent traffic circles				1						3215 Stuart Avenue, Richmond, Virginia 23221, United States
Mar 25, 2025, 01:26 PM	1		1					we need to have a deeper and more widespread education on where to park for bike lanes				1						North Prince George, Virginia 23860, United States
Mar 25, 2025, 01:21 PM	1							new roundabout works well				1						8010 Rural Point Road, Mechanicsville, Virginia 23116, United States
Mar 25, 2025, 01:16 PM								neighborhoods do not connect kids go through bike through common areas good support for connection though!						1				903 Wilaka Lane, Richmond, Virginia 23227, United States
Mar 25, 2025, 01:15 PM					1			the bus 14 line ends where the 7 stops making it hard to get from east end henrico / richmond to the rest of the city				1						214 North 26th Street, Richmond, Virginia 23223, United States
Mar 25, 2025, 01:13 PM			1					protected bike lane is AWESOME! esp the one on w franklin!				1						4 West Franklin Street, Richmond, Virginia 23220, United States
Mar 25, 2025, 01:12 PM					1			Love the pulse!				1						3920 Douglassdale Rd, Richmond, Virginia 23221, United States
Mar 25, 2025, 01:10 PM	1							overall there are TONS of blind spots in the city especially! its super frustrating and dangerous				1						Jrps Maintenance Access Trail, Richmond, Virginia 23225, United States
Mar 25, 2025, 01:08 PM	1							this entire area is a mess and at some point there is going to be an accident at this intersection				1						1001 North Arthur Ashe Boulevard, Richmond, Virginia 23230, United States
Mar 25, 2025, 01:07 PM			1					we need N5 protected bike lanes!				1						1998 Rosemeath Road, Richmond, Virginia 23230, United States
Mar 25, 2025, 01:03 PM	1							dock st between 2nd and belvidere has awful visibility				1						119 South 2nd Street, Richmond, Virginia 23219, United States
Mar 25, 2025, 01:01 PM	1							people are always going the wrong way on this road people really need to be more careful				1						1400 Oliver Hill Way, Richmond, Virginia 23219, United States
Mar 25, 2025, 12:53 PM	1			1				this entire intersection is terrifying. the slip turn is awful and especially from the pov of a pedestrian this is terrifying				1						North Belvidere Street, Richmond, Virginia 23220, United States
Mar 25, 2025, 12:52 PM	1							the speeding that happens on the roads surrounding belvidere is insane				1						12 North Belvidere Street, Richmond, Virginia 23220, United States
Mar 25, 2025, 12:50 PM					1			bay transit & GRTC do not have any service to new kents portion of west point!				1						Virginia Highway 30, West Point, Virginia 23181, United States
Mar 25, 2025, 12:49 PM					1			no bus service to chesterfield court house							1			6900 Mimms Drive, Chesterfield, Virginia 23832, United States
Mar 25, 2025, 12:47 PM			1					LOVE the bike lanes on franklin st! i use them to commute everyday						1				612 West Franklin Street, Richmond, Virginia 23220, United States
Mar 25, 2025, 12:46 PM				1				So scary as a pedestrian cars go way too fast and seem to lack the ability to look and see if there is a pedestrian				1						600 West Franklin Street, Richmond, Virginia 23284, United States
Mar 25, 2025, 12:45 PM				1				So confusing for pedestrians!! monument and franklin circle is a mess				1						499 North Lombardy Street, Richmond, Virginia 23220, United States
Mar 25, 2025, 12:43 PM			1					Brooke Rd bike lanes from Laburnum to azalea transformed how i commute daily they arent perfect but i feel safer with them flexi posts are often broken and there are often parked cars blocking the bike lanes trash cans and recycling are often left in the bike lanes on mondays low visibility and lack of care from drivers entering brook road on either side from neighborhoods make it even less safe				1						1105 West Laburnum Avenue, Richmond, Virginia 23227, United States
Mar 25, 2025, 12:39 PM			1					riding beyond azalea ave (north of northside) there are no bike lanes and this route becomes extremely unsafe commuting to a job would be near impossible brooke goes from one travel lane in each direction with bike lanes to two lanes each direction with no bike lanes to four bike lanes with no bike lanes THIS IS UNSAFE				1						400 Azalea Avenue, Richmond, Virginia 23227, United States
Mar 25, 2025, 12:37 PM			1					the patterson bike lanes end at commonwealth when i am riding from the northside to willow lawn i have to divert to grove or fitzhigh neither with protected lanes it makes getting to the west end unsafe and inaccessible for many				1						4418 Patterson Avenue, Richmond, Virginia 23221, United States
Mar 25, 2025, 09:46 AM								when taking the cannon creek greenway downtown you land in an industrial area with no designated lanes, not terrible, but as you continue onto i believe 5th st and 3rd st where you ride down a giant st i think at least 3 lanes in either direction with no designated lane the highway exits onto this street which makes it scary / inaccessible for many such a great greenway i wish the connection to the city was more thought out						1				1707 Richmond Henrico Turnpike, Richmond, Virginia 23222, United States
Mar 25, 2025, 09:37 AM	1							williamsburg rd from hatcher st / triple crossing out towards the airport needs pedestrian / bike affordence. there is no option for a human outside of a car to traverse this space. it goes from 'protected' bike lanes to in the 'affluent' area ti NO OPTIONS for bike/ped almost immediately you can see the dirt paths where humans have tried but at some point they end completely						1				20 Williamsburg Road, Richmond, Virginia 23231, United States
Mar 25, 2025, 09:29 AM	1							Love the roundabout at w belmont and belmont rd!						1				3420 Belmont Road, Richmond, Virginia 23234, United States

Mar 25, 2025, 09:28 AM	1			1	1				bryce lane roads and yards flood with the rain unsafe there are no sidewalks for students walking to school or school bus stops								1			5312 Bryce Lane, Richmond, Virginia 23224, United States
Mar 24, 2025, 12:38 PM				1	1				we need more bikes and cars lack of spaces makes drivers nervous around cyclists	1										2620 Stuart Avenue, Richmond, Virginia 23220, United States
Mar 24, 2025, 12:34 PM	1								speed cameras in front of huguenot high school are great	1										7909 Forest Hill Avenue, Richmond, Virginia 23225, United States
Mar 24, 2025, 12:31 PM					1				crosswalk count down outside altria theater is wonderful									1		804 West Main Street, Richmond, Virginia 23220, United States
Mar 24, 2025, 12:29 PM					1				bike lanes here are awesome! patterson is lovely									1		710 Lafayette Street, Richmond, Virginia 23221, United States
Mar 24, 2025, 12:28 PM					1	1			we need bike lanes on huguenot road!									1		4036 North Huguenot Road, Richmond, Virginia 23235, United States
Mar 24, 2025, 12:27 PM					1				NO BIKE LANES MAKES BIKING HERE DANGEROUS									1		5902 River Road, Richmond, Virginia 23226, United States
Mar 24, 2025, 12:26 PM					1				bikelanes on brookland parkway are AWESOME									1		1406 Brookland Parkway, Richmond, Virginia 23227, United States
Mar 24, 2025, 12:25 PM						1			bus stop need effective infrastructure and protection from the elements they also need to improve quality of life for people using them (protection from the elements, benches, lighting, and trash cans etc)									1		998 Old Locke Lane, Richmond, Virginia 23226, United States
Mar 24, 2025, 12:23 PM	1				1	1			laburnum and hermitage is too large of a space to feel safe making a left on a green no cross walk signals									1		1700 West Laburnum Avenue, Richmond, Virginia 23227, United States
Mar 24, 2025, 12:20 PM							1		staples mill station is awesome! its amazing and the staff there is lovely it makes my trip so much better									1		7400 Ranco Road, Henrico, Virginia 23228, United States
Mar 24, 2025, 12:18 PM	1								getting on and off the highway at broad and 64 is a HOT mess especially 178B and trying to merge onto broad its crazy						1					164, Glen Allen, Virginia 23233, United States
Mar 24, 2025, 12:17 PM					1				bike lanes on route 5 have been great maybe add more reflectors for night riding						1					5167 New Market Road, Henrico, Virginia 23231, United States
Mar 24, 2025, 12:10 PM	1				1	1			overall we have so much congestion and we need bike lanes and walking amenities						1					1401 Brander Street, Richmond, Virginia 23224, United States
Mar 24, 2025, 12:10 PM									parking here is such a mess from 2nd and broad to belvidere and broad the parking creates major issues, when the lanes this and cars still park in unrestricted areas an example location is in front of common house its always a mess							1				123 East Broad Street, Richmond, Virginia 23219, United States
Mar 24, 2025, 12:08 PM					1	1			the cap trail is amazing and regional amenity						1					3110 East Main Street, Richmond, Virginia 23223, United States

Mar 19, 2025, 04:50 AM									Rumblestrips									1	1665 Broad Street Road, Maidens, Virginia 23102, United States
																			1665 Broad Street Road, Maidens, Virginia 23102, United States
Mar 18, 2025, 02:35 PM	1		1		1		1		The curb radii at this intersection and probably every other one on Boulevard is very wide, encouraging drivers to take turns very fast making it dangerous and uncomfortable for non-drivers and especially while waiting at crosswalks. Tighter curb radii would slow drivers down and make walking along boulevard a much more enjoyable experience.										2704 Kensington Avenue, Richmond, Virginia 23220, United States
									The Robert E Lee Bridge is a safety nightmare, prioritizing speeding cars over the safety of pedestrians and cyclists. Would be nice to see dedicated bike and bus lanes on the bridge, and car lanes built for slower speed. Nobody should be moving through the city at faster than 30 mph in an automobile.										
Mar 16, 2025, 04:59 PM	1		1		1		1											1	Robert E. Lee Memorial Bridge, Richmond, Virginia 23219, United States
									The Richmond Region's ties to the Amtrak network are lovely, but more could be done. A light rail tram system connecting Richmond and the surrounding counties would be wonderful for the region, and better heavy rail connections between Richmond and other parts of Virginia would be excellent. Also would be nice to see some of the train station's vast ocean of parking lot turned into something usable; and in a dream scenario the I-95 bridge that shadows that Train Station should be removed as part of a push away from automobile infrastructure.										
Mar 16, 2025, 04:57 PM							1											1	1500 East Main Street, Richmond, Virginia 23219, United States
Mar 16, 2025, 04:54 PM					1		1		Manchester's Sidewalks, and Southside's Sidewalks more generally, are poorly designed and maintained for pedestrian use. Area calls for better pedestrian and cycling infrastructure. Car use should be heavily discouraged in the Manchester area in favor of walking and cycling focused streets with slow speed limits and physical infrastructure and rules that discourages car use. This area could be a haven of walkability and cycling if treated with car, rather than the car-riddled mess it currently has forced into.									1	211 West 14th Street, Richmond, Virginia 23224, United States
Mar 14, 2025, 11:18 AM							1		More lighting in the area - street lamps would be lovely.				1						15 East 10th Street, Richmond, Virginia 23224, United States
									Cross walks throughout the neighborhood and around the JRPS Floodwall Trail. There are not a lot of safe ways to cross the street without just crossing. There are always a lot of people out and about walking there dogs but no real spaces for them to safely cross the street.										
Mar 14, 2025, 11:17 AM					1								1						15 East 10th Street, Richmond, Virginia 23224, United States

Mar 14, 2025, 10:57 AM				1					The crosswalks on main and Cary are deadly. With two lanes of traffic, I have personally been in a car driving and stopped for a pedestrian. The car behind me got angry that I stopped, and revved and sped up around me, nearly hitting the pedestrian who I had stopped to allow to cross. I no longer stop for pedestrians bc I fear it will end up killing them	1									4 North Lombardy Street, Richmond, Virginia 23220, United States
Mar 05, 2025, 12:44 PM			1	1					Long signal cycle lengths lead to many bikes and peds running signals, especially off-peak						1				1927 Floyd Avenue, Richmond, Virginia 23220, United States
Mar 05, 2025, 12:39 PM			1	1					Getting between the bike lanes and the sidewalk to the Nickle bridge is a deathtrap, especially crossing the road and getting through the toll booth	1									1600 Park Drive, Richmond, Virginia 23221, United States
Mar 05, 2025, 11:07 AM			1	1					Busy narrow walkway is a problem. 2 bikes can't pass each other, and when you throw peds in, it gets very dangerous. Oh yeah, and you can go into traffic or into the river if you have to get out of the way of someone.	1									Boulevard Bridge, Richmond, Virginia 23225, United States
Mar 05, 2025, 11:04 AM			1	1					The merge to get over to the Nickle Bridge walkway is dangerous for people exiting the bike lane. Perhaps better curb ramps and markings could help, and a wider sidewalk.	1									2002 Westover Hills Boulevard, Richmond, Virginia 23225, United States
Mar 05, 2025, 10:26 AM				1	1				Safer crossings are needed along Cowardin to get from Route 2 bus stops into Manchester.								1		227 Cowardin Avenue, Richmond, Virginia 23224, United States
Mar 05, 2025, 10:24 AM	1			1	1				This road needs more traffic calming immediately.								1		2604 Semmes Avenue, Richmond, Virginia 23225, United States
Mar 05, 2025, 10:22 AM						1			Want a bus from city to Lewis Ginter/Lakeside								1		1715 Lakeside Avenue, Henrico, Virginia 23228, United States
Mar 05, 2025, 10:22 AM						1			I use Route 20 often to get from Northside to most places. Wish it was more frequent, especially on weekends.								1		500 West Brookland Park Boulevard, Richmond, Virginia 23222, United States
Mar 05, 2025, 10:13 AM			1						Bike lanes need physical protection.	1									O Street, Richmond, Virginia 23223, United States
Mar 05, 2025, 10:13 AM			1	1					Dangerous intersection for bicyclists and pedestrians.	1									901 Mosby Street, Richmond, Virginia 23223, United States
Mar 05, 2025, 10:12 AM			1	1					There are no sidewalks here so people walk in the bike lane which is a hazard to both pedestrians and cyclists.	1									700 North Lombardy Street, Richmond, Virginia 23220, United States
Mar 05, 2025, 10:07 AM	1			1	1				Safer crossing needed between river and downtown. This is where people walk from their offices and it is not safe to cross currently.	1									314 South 7th Street, Richmond, Virginia 23219, United States
Mar 05, 2025, 10:05 AM			1						Why do the new bike lanes on 3rd/2nd end abruptly right before you can turn left to go down the hill to Belle Isle? This is when they are most needed as cars are just exiting from Belvidere and not yet aware of bicycle activity. It is not safe.	1									621 South 2nd Street, Richmond, Virginia 23219, United States
Mar 05, 2025, 10:01 AM			1	1	1				Lack of safe crossing - blind spot with cars going too fast on this "cut-through" road.	1									3047 Montrose Avenue, Richmond, Virginia 23222, United States
Mar 05, 2025, 10:00 AM	1			1	1	1			Chamberlayne in general needs more speed cameras, better bus stations, more street trees, more physical protection from cars, and a North-South BRT.	1									2300 Chamberlayne Avenue, Richmond, Virginia 23222, United States
Mar 05, 2025, 09:59 AM				1	1				Safer pedestrian and bicycle crossing needed.								1		814 Overbrook Road, Richmond, Virginia 23222, United States
Mar 05, 2025, 09:56 AM				1	1				This road is extremely dangerous for bicyclists and pedestrians. I support the proposed redesign to include bike/ped access and safety.	1									Mayo Bridge, Richmond, Virginia 23219, United States
Mar 05, 2025, 09:55 AM						1			The pulse is pretty much useless here because Broad Street is too dangerous to cross to get to the pulse station. I can take it one way but then cannot come back. There needs to be a safe pedestrian crossing between the east and westbound stations or else it is completely unusable. I know someone that stopped shopping at Lidl altogether because it was not safe to come home due to the unsafe crossing.	1									4717 West Broad Street, Richmond, Virginia 23230, United States
Mar 05, 2025, 09:52 AM				1					The Richmond-Henrico Turnpike trail is great, but then it ends abruptly and does not provide a safe route the rest of the way into Church Hill.	1									1400 Valley Road, Richmond, Virginia 23222, United States
Mar 05, 2025, 09:49 AM	1								Brookland Park should be a priority for traffic calming. The restaurants/retail are growing and there is an increase in pedestrian traffic, yet it is still prone to speeding as the lanes are too wide, there are very few street trees, no bike lanes, and hardly any crosswalks.	1									303 East Brookland Park Boulevard, Richmond, Virginia 23222, United States
Mar 05, 2025, 09:47 AM				1					The bike lanes on Lombardy end at Brook road. They should be extended until Chamberlayne. Physical protection should also be added on the full length.	1									2401 North Lombardy Street, Richmond, Virginia 23220, United States
Mar 05, 2025, 09:45 AM				1					Overbrook between Hermitage & Chamberlayne is not safe to bike on despite it being an essential connector between Northside and Hermitage (access to Scotts Addition, future Diamond District, etc). It needs protected bike lanes.	1									1306 Overbrook Road, Richmond, Virginia 23220, United States
Mar 04, 2025, 07:20 AM				1	1				Willow Lawn Drive could easily use a road diet, and add a protected bicycle lane from Broad Street in the north to Patterson Ave in the south...this would be a great county/city collaboration!								1		1506 Willow Lawn Drive, Richmond, Virginia 23230, United States
Mar 04, 2025, 07:18 AM				1	1				Libbie Ave should become the "Libbie Ave Greenway" and include a bike path and sidewalks from Cary Street in the south to Bethlehem Road in the north!								1		1605 Libbie Avenue, Richmond, Virginia 23226, United States
Mar 03, 2025, 12:49 PM				1					Bike lanes in Northside need street sweeping to remove leaves and tree branches								1		2705 Brook Road, Richmond, Virginia 23220, United States
Mar 03, 2025, 12:46 PM	1				1				Illegal parking on Sunday blocking sightlines make it harder for drivers to see pedestrians crossing the street	1									2625 Monument Avenue, Richmond, Virginia 23220, United States
Mar 03, 2025, 08:43 AM					1				It is easy to walk from Heritage Hill. But the connection right at Gayton is bad. There is a goatpath up the hill. If it was a better connection more people would walk to the Kroger						1				Quillocasin Road, Henrico, Virginia 23229, United States
Mar 03, 2025, 08:39 AM					1				We have an opportunity to link walking/biking trails here. Already are trails. Need more connections						1				9800 Ridgefield Parkway, Henrico, Virginia 23233, United States
Mar 03, 2025, 08:36 AM	1								Intersection backs up often. Three Chopt heading east needs to have two turn lanes for people heading for the interstate		1								10161 Three Chopt Road, Henrico, Virginia 23233, United States
Feb 24, 2025, 08:37 PM	1				1				Love the new narrowing and streetscaping along this section of Jefferson. Cars used to drive much too fast, especially since there were often kids on bikes and many pedestrians in the area; the narrower design makes it much better. Still need signage and education around the back-in parking - people don't know how to use it.							1			2306 Jefferson Avenue, Richmond, Virginia 23223, United States
Feb 24, 2025, 05:19 PM						1			I was waiting for a bus transfer during the afternoon on a weekend, and a man who may have been homeless approached me with aggression and got very close to my face and cursed at and insulted me continuously for about five minutes.	1									911 East Broad Street, Richmond, Virginia 23219, United States
Feb 23, 2025, 11:12 AM				1					There is enough room for protected bike lanes on Robinson. need north-south bike connections						1				201 North Robinson Street, Richmond, Virginia 23220, United States
Feb 23, 2025, 11:11 AM	1								Cars go very fast on Robinson	1									300 North Robinson Street, Richmond, Virginia 23220, United States
Feb 21, 2025, 07:37 PM				1					Great bike lane on the bridge ends abruptly in front of VCU medical buildings at west end of bridge. No real need for 3 car lanes here - would be ideal to continue bike lane and add physical buffering like armadilloes or bollards; also add green lane markings/stripping and bike signals at crossings to aid turn into downtown.								1		601 Leigh Street Viaduct, Richmond, Virginia 23219, United States
Feb 18, 2025, 02:27 PM	1								Hard to see oncoming traffic when making a left-hand turn from Arthur Ashe on Grove or other E/W streets along Arthur Ashe.	1									2715 Grove Avenue, Richmond, Virginia 23220, United States
Feb 18, 2025, 02:23 PM	1			1	1				These small congestion circles seem to confuse drivers and pedestrians. Drivers don't treat them like a traffic circle and don't seem to yield to existing traffic where they need to. Drivers also sometimes don't slow down for pedestrians, making the intersection feel more dangerous.	1									3100 Floyd Avenue, Richmond, Virginia 23221, United States
Feb 17, 2025, 06:24 PM							1		Intersection is poorly designed. too large, can't cross the street from two corners. no bike lanes. designed for speed.							1			1612 Brookland Parkway, Richmond, Virginia 23227, United States

Feb 17, 2025, 06:23 PM					1				curb radius is too large. crosswalk is much longer than it needs to be and next to very high speed traffic.	1									1805 Boulevard West, Richmond, Virginia 23230, United States	
Feb 16, 2025, 10:41 PM			1						need protected area for cyclists traveling west to wait at the light						1				600 West Franklin Street, Richmond, Virginia 23284, United States	
Feb 16, 2025, 10:40 PM								1	sprawl is bad for a lot of reasons. money should not be spent on widening or new roads and instead improve travel options and safety in places where people live already								1	720 Old Hundred Road, Midlothian, Virginia 23114, United States		
Feb 16, 2025, 10:38 PM	1		1		1				People speed very fast down monument making it feel unsafe and scary to cross as a pedestrian or bicyclist, especially at this intersection. should increase size of pedestrian area	1									703 North Davis Avenue, Richmond, Virginia 23220, United States	
Feb 16, 2025, 10:36 PM	1		1						Bridge needs protected bike lanes, terrifying to bike on with drivers speeding	1									Robert E. Lee Memorial Bridge, Richmond, Virginia 23219, United States	
Feb 16, 2025, 10:30 PM	1				1				Need a crosswalk here. would be nice to be able to walk from anthem to the strip mall	1									2015 Staples Mill Road, Richmond, Virginia 23230, United States	
Feb 06, 2025, 11:46 AM						1	1		The DC2RVA the 3/2/3 track alignment is expected to overcapacity by 2045 when a wall of trains will block other forms of transportation going through Town.							1			11055 Center Street Road, Ashland, Virginia 23005, United States	
Feb 06, 2025, 11:41 AM	1	1							Through traffic from western Hanover passing through Town to get to the 54/95 interchange. Need alternative Thoroughfare to connect traffic with interchanges at Lewistown and Atlee/Elmont		1								813 Thompson Street, Ashland, Virginia 23005, United States	
Feb 06, 2025, 11:37 AM	1	1			1				Route 1/54 congestion particularly spill over from congestion or stoppages on I-95		1								610 England Street, Ashland, Virginia 23005, United States	
Feb 06, 2025, 10:00 AM	1				1				The lane has opened up since the construction and its wider, however after the signal at 8th and canal the road merges to one lane on canal. risks of cars hitting each other. will that be fixed	1									820 East Canal Street, Richmond, Virginia 23219, United States	
Feb 05, 2025, 12:18 PM	1								speeding has improved in Oregon Hill now that there are more stop signs, but people still race between them							1			417 South Pine Street, Richmond, Virginia 23220, United States	
Feb 05, 2025, 11:44 AM	1								Cars exhibit excessive speeding and weaving daily	1							1		Robert E. Lee Memorial Bridge, Richmond, Virginia 23219, United States	
Feb 05, 2025, 11:44 AM	1				1				People speed excessively on this bridge, and on trash days a man with a wheelbarrow is typically walking in the left lane, Southbound (he is headed North), seemingly because the elevated sidewalk isn't accessible	1									Manchester Bridge, Richmond, Virginia 23219, United States	
Feb 04, 2025, 07:09 PM					1				More cross walks are needed in this area to serve the growing population around the Libbie Mill area			1							5500 Monument Avenue, Richmond, Virginia 23226, United States	
Feb 04, 2025, 07:06 PM	1	1							The Bryan park interchange is not well signed and there is not enough time to safely merge when exiting off 95 heading to 64	1									Richmond-Petersburg Turnpike, Richmond, Virginia 23234, United States	
Feb 04, 2025, 09:06 AM	1				1				Funneling of road and bridge forces bike lanes to disappear between Roanoke and Patrick Henry Elem. This is hazardous given vehicle speeds and general awareness	1									3600 Forest Hill Avenue, Richmond, Virginia 23225, United States	
Feb 03, 2025, 10:24 PM	1								Signs in the airport for departures are very confusing and the ramp needed seems to appear suddenly.							1			5650 Triangle Road, Henrico, Virginia 23250, United States	
Feb 03, 2025, 10:22 PM	1								Traffic controls needed as new commutes are built.							1			2517 Thurloe Drive, North Chesterfield, Virginia 23235, United States	
Feb 03, 2025, 10:22 PM					1	1			Sidewalks are needed									1	8701 Grand Summit Road, North Chesterfield, Virginia 23235, United States	
Feb 03, 2025, 10:21 PM					1	1			Street lights for night traffic North Chesterfield (thanke)									1	2611 Buford Road, North Chesterfield, Virginia 23235, United States	
Feb 03, 2025, 10:19 PM	1	1							DTE & I-95 ramps working well.									1	4834 Broad Street Road, Henrico, Virginia 23065, United States	
Feb 03, 2025, 10:18 PM	1								Powhite Parkway is well maintained and provides excellent value for lowest possible toll - saving time and money.									1	Powhite Parkway, Richmond, Virginia 23225, United States	
Feb 03, 2025, 10:15 PM									Boulevard Bridge - Excellently maintained 100 year old bridge.									1	Boulevard Bridge, Richmond, Virginia 23220, United States	
Feb 03, 2025, 10:11 PM					1				Bike lane/road diet along Patterson is confusing and alignment transitions through intersections are also confusing.									1	3701 West Broad Street, Richmond, Virginia 23230, United States	
Feb 03, 2025, 10:10 PM					1	1			Rt. 161 bike lane - poor community involvement for impacted neighborhoods and not collaborating w/community stakeholders like RMTA.									1	1009 East 12th Street, Richmond, Virginia 23224, United States	
Feb 03, 2025, 10:01 PM	1								Toll roads are confusing.									1	Poahontas Parkway, Henrico, Virginia 23231, United States	
Feb 03, 2025, 10:00 PM	1	1							Exit 211 going North needs more consistency in naming roads. Ex Rte 106, 601, new kent hwy, or what?							1			7101 Emmaus Church Road, New Kent, Virginia 23140, United States	
Feb 03, 2025, 09:58 PM					1	1			More bike paths, walking paths, etc. in neighborhoods.									1	8274 East Lord Botetourt Loop, New Kent, Virginia 23124, United States	
Feb 03, 2025, 09:57 PM	1								Construction speed limit on Rt. 64 should be reduced.	1									I 64, Quinton, Virginia 23150, United States	
Feb 03, 2025, 09:55 PM	1	1							Interchange of I-64 & I-95 needs to be redesigned.							1			Richmond-Petersburg Turnpike, Richmond, Virginia 23234, United States	
Feb 03, 2025, 09:53 PM	1	1							I-295 is a great addition to traffic pattern.									1	39 Korean War Veterans Memorial Highway, Mechanicsville, Virginia 23116, United States	
Feb 03, 2025, 09:52 PM	1								Roundabout S of Exit 214- by Dairy Queen. is working well.									1	Kentland Trail, Providence Forge, Virginia 23140, United States	
Feb 03, 2025, 09:46 PM	1				1	1			Love the rumble strips on exit only lane @ I-64 EXIT 205. It's not a total fix, but it helps.									1	I 64, New Kent, Virginia 23150, United States	
Feb 03, 2025, 09:44 PM	1								Roundabout @ 249 & 612 - Great! All roundabouts work well.									1	8601 Airport Road, Quinton, Virginia 23141, United States	
Feb 03, 2025, 09:43 PM					1				Illegal tractor trailer parking with potential to increase with warehouses/business.	1									3917 New Kent Highway, Quinton, Virginia 23141, United States	
Feb 03, 2025, 09:41 PM	1								Don't allow left turn into Quinton ES 4-6PM from 249E.									1	3001 New Kent Highway, Quinton, Virginia 23141, United States	
Feb 03, 2025, 09:37 PM	1								US-60 @ Bottoms Bridge Bojangles/Dunkin too much confusion about how this works.									1	New Kent Highway, Quinton, Virginia 23141, United States	
Feb 03, 2025, 09:32 PM	1								Roundabouts are good interchanges.									1	I 64, Henrico, Virginia 23223, United States	
Feb 03, 2025, 09:31 PM	1								Significant Airport Improvements.										1	5750 Triangle Road, Henrico, Virginia 23250, United States
Feb 03, 2025, 09:30 PM	1								Hickory Hill Rd - Old narrow Rd, but is on Economic development.									1	9323 Hickory Hill Road, Ashland, Virginia 23005, United States	
Feb 03, 2025, 09:28 PM	1	1							DDI needed for I-95 Interchange.									1	Richmond-Petersburg Turnpike, Richmond, Virginia 23234, United States	
Feb 03, 2025, 09:27 PM							1		Increase micro transit to more useful locations.										1	2321 Jefferson Avenue, Richmond, Virginia 23223, United States
Feb 03, 2025, 09:27 PM					1	1			More bike and ped facilities needed!										1	2120 Stuart Avenue, Richmond, Virginia 23220, United States
Feb 03, 2025, 09:26 PM	1						1		Enclosed parking for Ashland Train Station.										1	112 North Railroad Avenue, Ashland, Virginia 23005, United States
Feb 03, 2025, 09:21 PM									Mech. Microtransit - Need to re-evaluate route - very limited and does not provide access to Old Mechanicsville, Apts or shopping centers on the other side of 360. GRTC did not discuss w/Hanover county transportation leaders or county administrators about areas in Mechanicsville w/dense populations. Low-income that would be ideal to implement the new micro-transit.											
Feb 03, 2025, 09:16 PM	1	1				1			Meadowbridge Rd. Capacity enhancements to address inc. freight movements.	1									1	7355 Atlee Road, Mechanicsville, Virginia 23111, United States
Feb 03, 2025, 09:13 PM					1	1			University of Richmond Pedestrian access & safety, Campus Dr. & College Rd. Current ped. facilities are inadequate and not up to current standards.	1										3705 Meadowbridge Road, Richmond, Virginia 23222, United States
Feb 03, 2025, 09:10 PM	1	1							I-64/I-95 Bryan Park Interchange - crash hotspot & congestion bottleneck.		1									7001 Boatwright Drive, Richmond, Virginia 23173, United States
Feb 03, 2025, 09:09 PM					1	1			More funding needed for bike/ped, safe routes to school type projects.										1	Richmond-Petersburg Turnpike, Richmond, Virginia 23234, United States
Feb 03, 2025, 09:06 PM	1						1		More parking for rail!										1	606 West 26th Street, Richmond, Virginia 23225, United States
Feb 03, 2025, 09:04 PM	1				1	1	1		Hickory Hill Economic Development Zone and other EDZ's will require future road improvements.										1	1600 East Franklin Street, Richmond, Virginia 23219, United States
Feb 03, 2025, 08:58 PM	1								Rt. 360 & Pole Green Rd. Corridor widening improvements are working well.											3605 Greenbay Road, Richmond, Virginia 23234, United States
Feb 03, 2025, 08:56 PM	1	1							Proposed I-64 Interchange in Short Pump.										1	4540 Mechanicsville Turnpike, Mechanicsville, Virginia 23111, United States
Feb 03, 2025, 08:55 PM	1								The roundabout off woodman road isn't working well.										1	178 I 64, Glen Allen, Virginia 23060, United States
Feb 03, 2025, 08:53 PM	1								The current I-64 interchange @ Innsbrook/Short Pump.										1	2303 Hungary Road, Henrico, Virginia 23228, United States
Feb 03, 2025, 08:50 PM	1								VA-288 Lane Expansion is good.										1	178 I 64, Glen Allen, Virginia 23060, United States

Jan 23, 2025, 11:47 AM	1	1	1	1	1	As our communities grow older, it's important to ensure that everyone can get around safely and maintain their independence. For many older adults, reducing or stopping driving can lead to serious challenges, like feeling isolated, experiencing health issues, or needing institutional care sooner. Driving often equals independence, and losing that option can feel like a burden on family and friends. That's why we need to invest in safe, accessible, and affordable transportation alternatives, along with well-designed sidewalks and streets, so older adults can age in place while staying connected to their community.										1		2704 Seminary Avenue, Richmond, Virginia 23220, United States
Jan 23, 2025, 11:40 AM						bike trails between new kent and williamsburg would be really cool										1		3001 East Main Street, Richmond, Virginia 23223, United States

Jan 19, 2025, 09:36 AM				1			crosswalks should be added at this intersection						1				101 North 9th Street, Richmond, Virginia 23219, United States	
Jan 19, 2025, 09:36 AM				1			sidewalks downtown are blocked by fencing to protect derelict buildings				1						519 East Franklin Street, Richmond, Virginia 23219, United States	
Jan 19, 2025, 09:34 AM	1			1			Drivers do not stop if you are walking in any of the crosswalks across BLVD. Feels dangerous and could be redesigned.			1							2807 West Clay Street, Richmond, Virginia 23230, United States	
Jan 17, 2025, 10:17 PM	1		1	1	1		Car traffic should be reduced to 1 lane in each direction. This would provide natural traffic calming and provide more space for bicycle and transit lanes. This would make the streets safer and more efficient.								1		611 East Broad Street, Richmond, Virginia 23219, United States	
Jan 17, 2025, 10:13 PM							It can take an incredibly long time for the pedestrian crossing signal to respond after pushing the button. Sometimes it can be faster to go to one of the adjacent traffic lights and use those crosswalks to cross. Thus, you will frequently see people ignoring the pedestrian crossing button and just going whenever, or similarly someone will have long since crossed by the time the light actually changes for pedestrians. I think this is big part of what causes drivers to just ignore this signal, which make things more hazardous for people crossing in front of the station.								1		1533 East Main Street, Richmond, Virginia 23219, United States	
Jan 17, 2025, 10:10 PM	1		1	1			Cars constantly speed and run redlights all along Broad St through Shockoe. This is extremely dangerous, especially for pedestrians and bicyclists. Traffic calming measures are desperately needed on this stretch of road.			1							1800 East Main Street, Richmond, Virginia 23223, United States	
Jan 17, 2025, 10:08 PM							The pedestrian crossing on this bridge can be extremely slow to respond after pushing the button, almost making it pointless as it's usually faster to just go around and walk under the tunnel. Even when the pedestrian stop signal does come on, drivers frequently ignore it and do not stop, making this a hazardous crossing for pedestrians. Similarly, crossing at the two crosswalks on the west side of the bridge - for the respective I-95 onramps - is also hazardous for pedestrians, as drivers frequently speed and do not stop for pedestrians.											1544 East Broad Street, Richmond, Virginia 23219, United States
Jan 17, 2025, 10:05 PM					1		Would love to see more options for quickly transferring from the Pulse and getting over a few blocks to enjoy the VMFA and VMHC. It's not too far of a walk for most but could be limiting for those with mobility issues.						1				321 North Arthur Ashe Boulevard, Richmond, Virginia 23220, United States	

Jan 17, 2025, 09:58 PM					1		Love the Pulse! Would love to continue towards reducing those lead times, it sucks when you just barely miss a bus and have to wait a bit. Would love to see 10min lead times, and maybe one day we can even dream of 5min lead times.								1		1112 East Broad Street, Richmond, Virginia 23298, United States
Jan 17, 2025, 09:56 PM					1		Would love to see additional options for quickly getting to Main Branch Library, as this touches on issues of accessibility and equity. The library is only a few blocks over from Broad and Pulse, so very accessible for able-bodied persons, but this could be more limited for persons with mobility issues. Would love to see more frequent bus service to this location that someone can easily transfer to from the Pulse or similar.								1		100 East Franklin Street, Richmond, Virginia 23219, United States
Jan 17, 2025, 09:49 PM			1		1		It is nightmare to cross E Main St trying to get to/from Libby Hill Park. Particularly since eastbound traffic tends to be driving extremely fast, it is hard to see oncoming traffic and cross safely. It is incredibly frustrating how difficult it is to get between Libby Hill Park and Great Shiplock + Dock St Parks. These are all wonderful city parks; it should be much easier and safer for people to navigate between them without a vehicle.	1									2801 East Main Street, Richmond, Virginia 23223, United States
Jan 17, 2025, 09:46 PM	1				1		Drivers go way too fast on N 18th St, and cars are ALWAYS parked on the corner at E Clay St + E Marshall St. This makes it extremely hazardous as a driver, as it can be incredibly difficult to look for oncoming traffic as you make a turn, and while driving cars will unexpectedly jump into the road as they blindly try to turn. This section of road is also extremely dangerous for pedestrians, as drivers are way too fast and reckless, and there are lots of cars parked so it's hard for vehicles to see you. Would like to see the installation of raised cross walks and curb extensions, to help with pedestrian daylighting and physically preventing vehicles from parking illegally close to the corner.	1									420 North 18th Street, Richmond, Virginia 23223, United States
Jan 17, 2025, 09:41 PM	1				1		There are a lot of traffic conflict points here, and drivers frequently come in too fast and make illegal left turns onto E Clay St from the interstate ramp. Lots of conflict as drivers try to get over three lanes of traffic to turn left onto E Marshall St. The entire section of Oliver Hill Way from Venable St to E Broad St is sketchy as a driver and absolutely terrifying as pedestrian trying to cross the road.	1									1709 East Clay Street, Richmond, Virginia 23223, United States
Jan 17, 2025, 02:57 PM			1		1		Future "Swift Creek Greenway" from Fall Line Trail to Pocahontas State Park to Brandermill.								1		9901 Boschen Woods Pl, Chesterfield, Virginia 23838, United States
